D365 Balance Compare

- Description
 - D365 Highlander Project – Report comparison to identify errors: need to identify differences in supplier & customer balances in between old and new systems.
- The assistant compares the 2 reports and gives a detailed summary of any differences – time can then be spent on analysis and actions rather than preparing the report
- Time already saved – I ran the report at least 10 times – 30 mins saved each time and excellent quality of report
