

CRM & PMP

A Leading Pipeline Management Platform & CRM for Sales and Service Organizations.

Mapping & Territories

Map data, plot territories, build density, add & pin accounts with a visual cartography of your business.

EasyDOCs

Generate documents in seconds: Quotes, Proposals, Service Agreements, & more. Custom templates with e-signature, mobility, pricing tools & approvals –all built-in.

Frontline Intel

Enable your Frontline Field Team, Op Staff, and Affiliates to generate revenue, foster growth within existing accounts, and enhance customer service & validation.

Rolodex

A quick-access directory for finding contact details. Get the best data intelligence, right in CRM: emails, names, and phone numbers of decision-makers in seconds.

Extra Pipelines

Create pipelines around any process to seamlessly track—custom stages for tickets, service, sales, asset, work orders, etc.

Marketing Automation

Automate emails & texts to prospects & customers at any stage of their journey. Engage based on triggers & segments.

API Market

Access to 8,000+ integrations, such as **Gmail and Outlook**, with automatic email tracking.

QR & Web Forms

Forms from your website flow into Wingmate. QR code enabled.

Mission Control

Custom dashboards, analytics & limitless business intelligence tailored to you.

Concierge Club

White glove support and access to webinars & unlimited training.

Team Library

Store and share team documents, SOPs, etc. directly in Wingmate.

Data Science

Maintain CRM hygiene, migrate or import any data with our dedicated team.

Product Ecosystem
