

ADRENAL COMPLEX

REGULATE THE BODY'S STRESS RESPONSE

Adrenal Complex helps reduce damage from stress at a biological level. It features Ashwagandha and L-Theanine to re-balance neurotransmitters, promote relaxation, and activate receptors for the calming neurotransmitter GABA when your mind begins to race.

KEY ADAPTOGENS & HERBS

- Phosphatidylserine reduces stress-induced cortisol
- Eleuthero & Rhodiola increase resistance to stressors
- Chinese Skullcap antioxidants downregulate oxidative stress

"Adrenal Complex is a specialized blend of adaptogens, herbs, and amino acids that helps regulate the body's stress response and promote cortisol balance. Contains 60 Capsules."

SUGGESTED USE:

As a dietary supplement, take two (2) capsules daily, mid-morning for best results, or as directed by a physician.

ACTIVE INGREDIENTS:

Ashwagandha Extract (250mg), Chinese Skullcap Root (250mg), Eleuthero Root (200mg), Rhodiola Rosea (200mg), L-Theanine (100mg), Phosphatidylserine (100mg). Other: HPMC (vegetable capsule), Rice Flour, Silicone Dioxide, Magnesium Stearate.

COMBAT CHRONIC STRESS

- Anxiety, Depression & Sleep Disorders
- Obesity, GI Issues & Diabetes
- Cardiovascular & Cellular Damage

ALSO RECOMMENDED

- Glucose Support
- Be-Thin
- Metabolic Wellness Plans

"Adaptogens, herbs, and amino acids help regulate the body's stress response, support the nervous system, and promote a healthy sleep cycle."
