

THE SQUARE

The square is a smaller, brighter venue connected to a terrace overlooking the lawn. The venue has an open kitchen that serves multiple functions. It can be used as a private preparation area for the bride and her entourage, or as a VIP lounge during corporate or social events.

Features:

- It also serves as a traditional business center, and it can be reserved by conference organizers as their own hub/conference center.
- The majority of the furniture in The Square is movable and adaptable to the occasion.
