INCANDESCENT LIGHTING

CLEARANCE & SIDE MARKER LIGHTS

154 Sealed
Fender-Mount Clearance Light

Functions as both amber front clearance light and red rear clearance light for over-80" applications. Mount on top or side of most fenders to mark widest point on trailer. Perfect for boat, cargo, or horse trailers. Lens welded to housing to form single unit. Mounting bracket and electrical connector are required to complete installation. Utilizes same mounting hardware as our standard 154 series. Mounting screws serve as ground when utilizing mounting kits on metallic surface. 154 series has male pins. Features two 15,000-hour long-life bulbs. See mounting accessories for additional mounting options.

STOP, TURN, & TAIL LIGHTS

Viz Pack

421 Sealed
Oval Stop, Turn & Tail Light

Sealed, oval stop, turn, and tail light may be used on both curbside and roadside of vehicle or trailer. Legal in either horizontal or vertical position for both U.S. and ECE applications. Polycarbonate lens is welded to housing to form single unit. Requires mounting grommet and 3-wire plug to complete installation. 421H surface mount light available for easy mounting. "24V" denotes 24-volt light. See 421A turn signal, and 416 back-up light for companion models. Kits include light, grommet, and right-angle plug. 12-volt lamps designed with dual-filament, 2.1/.59 amp, 32/3 cp bulb.

Single wire with brass contact, nylon washer, and plug with stainless steel spring. Non-indexing type for all G-6, S-8, and S-11 single contact bulbs.

Order No.		Pack	Std. Carton
411-07	10" lead	poly pack	25
B411-07	10" lead	mfg. pack	100

Pigtail

Two wires with brass contacts, nylon washer, and plug with stainless steel spring. Indexing type for all S-8 double contact bulbs.

Order No.		Pack	Std. Carton
413-07	10" leads	poly pack	25
B413-07	10" leads	mfg. pack	100

LED 2-Wire Plugs

417-48   **417-481**

417-482

2-wire hard-shell, weatherproof plug for use with 417, 418, 420, and 423 series LED lights. 417-48 includes stripped hot wire; ground wire provided w/#10 ring terminal and heat-shrink tubing for additional corrosion protection. 417-481 adapter plug fits 421-49 and 431-49 plugs. 417-482 includes two .180 bullet terminals.

Order No.		Pack	Std. Carton
417-48	8" leads	poly pack	6
B417-48	8" leads	mfg. pack	100
417-481	6" adapter plug	poly pack	6

CONSPICUITY & REFLECTORS
### REFLECTIVE TAPE

Viz Pack	465/467 Reflective Marking Tape

Effective 12-1-93, all new trailers over 10,000 pounds GVWR and over 80" wide must have conspicuity treatment. Also effective 6-1-99 existing trailers must have reflective tape by 6-1-01. For side applications, 2" wide or two 1" strips of red/white tape must cover a minimum of 50% of the trailer length. For rear application, 2" red/white tape on the horizontal bar of the I.C.C. bumper and 2" wide, 12" long white strips in the upper corners must be applied.

High-brightness reflective material is rated at 1,000 candle-power and features industrial-strength adhesive to mount on flat or curved surfaces. Also offers: four-times greater reflectivity, wider viewing angles, higher visibility at long range and tougher durability than conventional conspicuity reflectors. Rolls are 150 feet long and 1" or 2" wide with alternating strips of 7" white and 11" red. Kits contain eight (or four) 18" strips packaged in a self-service, full-color poly pack with header.

Order No.		Pack	Std. Carton
465-1	2" red/white roll	box	1
465-5	1" red/white roll	box	1
465K	2" red/white-8 strip kit	Viz Pack	12
465-4K	2" red/white-4 strip kit	Viz Pack	12
*467K	1 7/16" white-4 strip kit	Viz Pack	12
*468K	1 7/16" red-8 strip kit	Viz Pack	12

* Kits accessory use only.
