EXPERIENCE 02

2024.05 - Present

Webchefs

At Webchefs, I'm responsible for the entire website design process - from researching user needs, through creating designs that meet requirements, all the way to development in Webflow

2023.12 - 2024.08

MartesSport

As a sporting goods store employee, I was responsible for customer service, operating the cash register, maintaining the store's good reputation, and assembling bicycles
