Personalized Perfection

“Simplicity is the ultimate sophistication”

Leonardo da Vinci

“Simplicity is the ultimate sophistication,” said Leonardo da Vinci, and in design, this rings true. “Simply Perfect” embodies the notion that beauty lies in simplicity, where the absence of clutter creates spaces of timeless elegance. It’s the void spaces that allow elements to breathe, creating harmony and balance.

Our use of natural walnut paired with the dark upper cabinets enhances the rich, luxurious look of the wood. Employing state-of-the-art machinery, we meticulously grain-match every panel, ensuring a seamless flow of the walnut’s beautiful graining from panel to panel.

TEXTURED PLUS

HIGH GLOSS

LACQUERED HIGH GLOSS

Designed to captivate with its mirror-like shine, our high gloss surfaces are UV lacquer coated, creating a high resistance finish that will last years to come

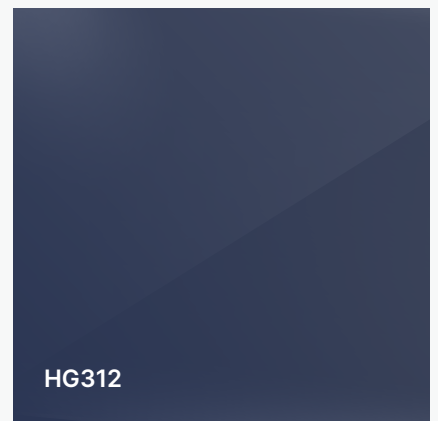

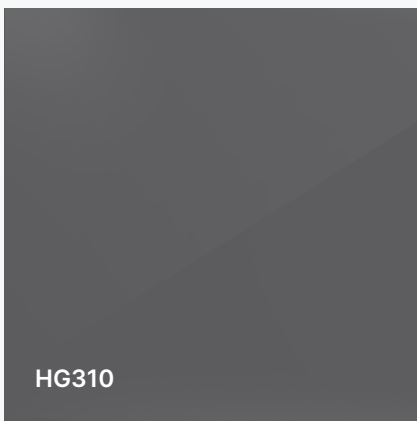

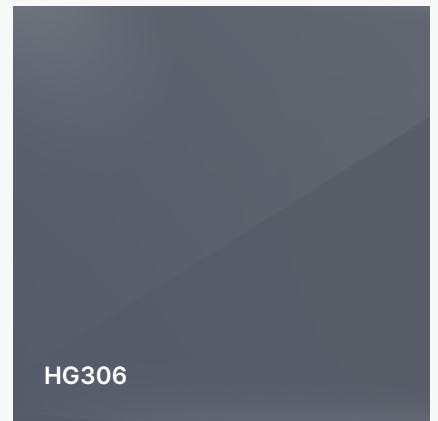

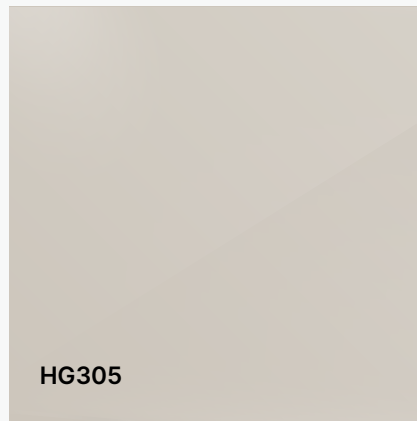

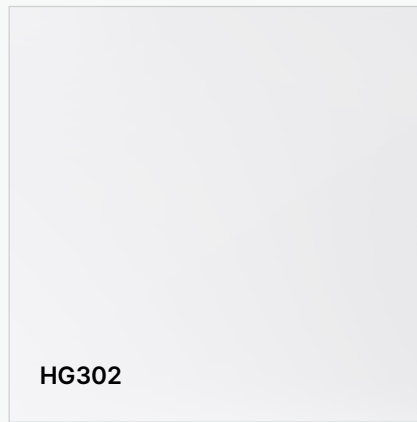

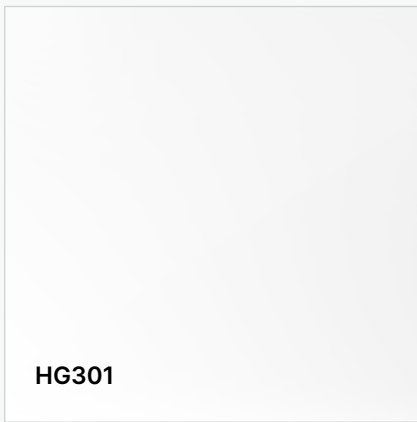

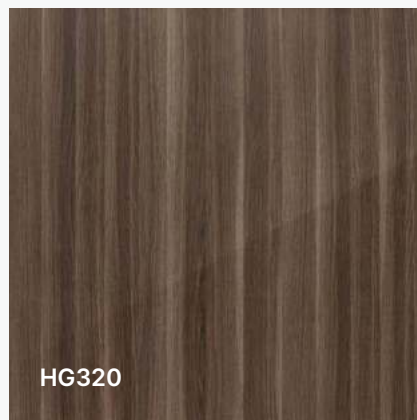

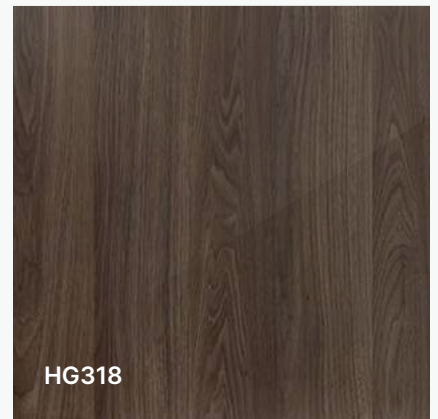

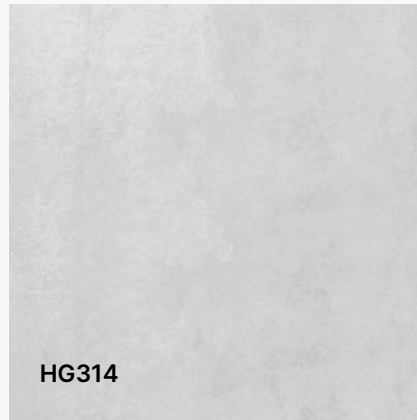

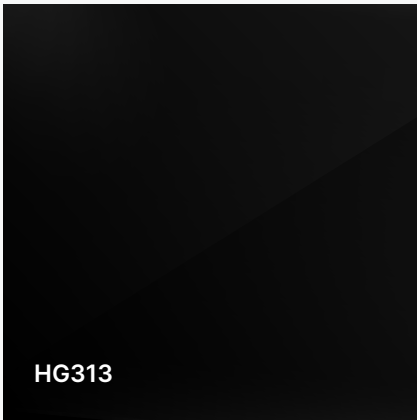

Simplicity in design is the ultimate challenge for a designer, requiring finesse and vision. It's the art of distillation, where every element must justify its presence, leading to extraordinary beauty through subtraction. Stripping away the superfluous unveils elegance, clarity, and timeless appeal, epitomizing the essence of true creativity.
