

 Community Involvement

# From Cybersecurity to Women in Tech

Checkout our events sponsorships and so much more with Loial's local speaking events

## FEATURED SPONSORSHIP

### NMTC Women in Tech Awards

March 4, 2026

A Loial sponsored event, celebrating leadership and achievement across New Mexico's tech community. The event features honorees, networking, and programming that advances visibility and career growth for women in tech. This sponsorship is especially meaningful to Loial: Kristen Sanders, our Vice President, chaired the NMTC Women in Tech peer group for two years and was a WIT honoree in 2022 — a key reason Loial supports this important celebration.
