

Data sheet
ENERGY FENCE

Energy fence - horizontal

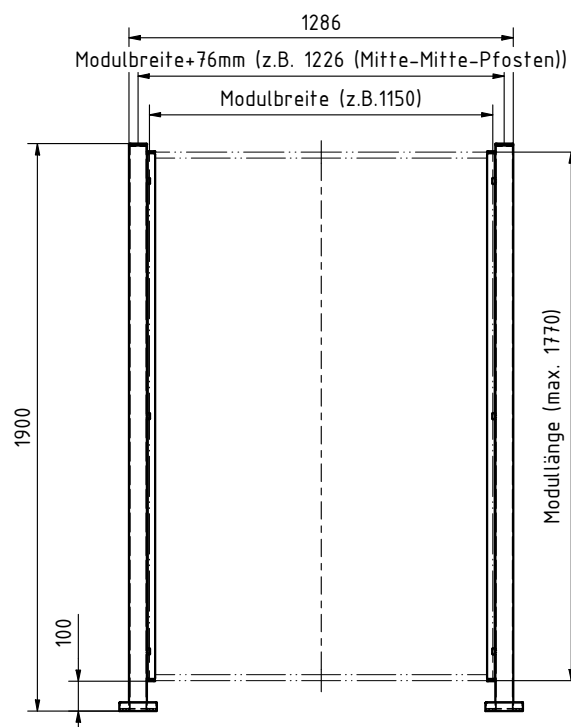

The energy fence is the ideal solution for effective and aesthetic garden fencing. The horizontal alignment blends harmoniously into any garden landscape and offers reliable protection for plots and gardens.

Orientation	horizontal
Material	Stainless steel, polished / black powder-coated
Dimensions	Module width max. 1150 mm, Module length + 76 mm
Dimension foot plate	External dimensions: 120 x 120 mm Hole spacing: 90 mm Hole dimension 4 x Ø 12 mm
Foundation	Schrauben / Beton
Components	Single post Double post Corner post Cover panel
Frame height	29,5 - 36 mm

Energy fence - vertical

The vertical energy fence combines a modern look with high energy efficiency. The vertical arrangement of the integrated solar modules means that significantly more modules can be installed on the same fence length - for a higher overall output and improved privacy.

Orientation	vertikal
Material	Stainless steel, polished / black powder-coated
Dimensions	Module length max. 1770 mm, Module width + 76 mm
Dimension foot plate	External dimensions: 120 x 120 mm Hole spacing: 90 mm Hole dimension 4 x Ø 12 mm
Foundation	Schrauben / Beton
Components	Single post Double post Corner post Cover panel
Frame height	29,5 - 36 mm
