NLCHURCH

Facilities Maintenance Technician

Location: Primary workstation at Renton Campus; local travel to other campuses as needed
Status: Part-Time or Full-Time, Hourly
Reports to: Director of Building Operations, Vic Adler

Position Summary

The Facilities Maintenance Technician supports the mission of NLChurch and Redeemer Christian School by helping ensure our environments are safe, clean, welcoming, and professional. This role involves completing maintenance requests, assisting with facility projects, and proactively identifying and resolving issues on campus grounds. A high attention to detail and a strong service mindset are essential, as this position plays a key role in creating a positive experience for all who enter our facilities.

Key Responsibilities

- Complete assigned maintenance tickets across all NLChurch campuses. Tasks may include wall repair, painting, furniture assembly, pressure washing, roof maintenance, light electrical and plumbing work, grounds and equipment maintenance
- Assist the Facilities Team with larger-scale projects
- Ensure environments are prepared and presentable for weekend services
- Complete additional assignments as directed by the Director of Building Operations

Required Skills & Qualifications

- High school diploma or equivalent
- Experience in commercial facility repair (e.g., painting, drywall, plumbing, basic electrical)
- Strong ability to manage and complete maintenance tickets in a timely manner
- Ability to work both independently and as part of a team
- Effective communication and collaboration with the Facilities Team
- Good judgment in prioritizing and organizing a varied workload
- Comfortable using computer-based facility management systems and Microsoft Office
- Ability to drive a diesel work truck
- A heart for ministry and a desire to serve others through hands-on work
- Self-motivated, proactive, and detail-oriented
- Active member of NLChurch
