

## We are the Battery Matchmakers

Through predictive analytics and a B2B marketplace, we are challenging mobility OEMs, the energy sector, and recyclers to embrace a more circular and profitable approach.

## Providing sustainable solutions for Battery Lifecycle Management

# Key Industry Users

## Mobility

### SCALABLE & PROFITABLE SOLUTION

Your streamlined experience:

- **Analytics** - empowering you with intelligent planning.
- **Battery Trade** - up to €150/ kWh
- **Compliance** - with all EU regulations

## Energy Storage

### EMBRACING 2ND-LIFE

Your streamlined experience:

- **Analytics** - SoH & Remaining Cycle Prediction
- **Battery Trade** - save through 2nd-life supply
- **Transparency** - through complete documentation

## Recyclers

### CLOSING THE LOOP

Your streamlined experience:

- **Showcase your Capabilities** - list your requests
- **Effortless Procurement** - connect with OEMs
- **Future Ready Efficiency** - coming soon!

Creating a *circular battery economy* by helping you leverage and maintain your battery supply most effectively.
