

TABATHA MONTAGANO

Product Design (UX/UI)

PROFILE

I am driven by solving meaningful problems for people. I have 6 years of experience in product design where I've enjoyed working collaboratively to untangle all kinds of problems across a range of industries.

COMMUNITY

Grønt Marked - August 2023 - Present

Grønt Marked is a volunteer run non-profit farmer's market organization with the ambition to make local, fresh and seasonal food available to everyone, as well as to create a healthy and strong connection between the producers in the countryside and the people in the city.

Elena's Club - Dec 2019 - Nov 2022

The goal of Elena's Club is to offer curated courses and community-based experiences for professional women in topic areas related to finance, politics, lifestyle and professional growth. I was responsible for creative direction and the creation of creative collateral for web, social, and print.

WINS

Sprout Family raises 1.7 million, 2025

After working with the Sprout team on the design of their MVP, the team raised an incredible pre-seed round to make fertility benefits more accessible in Canada.

Yuhu Aquired, 2022

Our team celebrated a successful acquisition by HappyCo in November of 2022.

Product of the Year, 2022

Our team was awarded Product of the Year for the resident mobile app by the Canadian Federation of Apartment Associations earlier this year.

EDUCATION

Brainstation, 2018

UX/UI Design

Queen's University, 2011 - 2015

BAH, Global Development

EXPERIENCE

Trackman

Product Design - October 2025 - Present

- At Trackman we build data-driven solutions that help athletes prepare smarter and play better.
- In this role, I collaborate across design, engineering, and business to translate complex data into meaningful experiences and tools for athletes, teams, and sports organizations.

Judico

Product Design (Contract) - April 2025 - October 2025

- Worked with founders to design an MVP for their intelligent compliance platform that aims to shift organizations from reactive, periodic compliance checks towards proactive, real-time analysis and guidance.

MapHabit

www.maphabit.com

Product Design (Contract) - August - December 2024

- I was brought on in a contract position to redesign MapHabit's consumer facing app.
- MapHabit's science-based and personalized programs help individuals who need cognitive support regain and build new habits and routines that lead to a more independent and healthy life.
- My scope of work included: discovery and user research, a design system, a complete redesign of the platform, as well as usability testing with internal and external stakeholders.

Sprout Family

www.sproutfamily.ca

Product Design (Contract) - March - June 2024

- Sprout is a digital health platform that supports Canadians on their personal journeys to building a family.
- Sprout plugs into employee insurance plans and enables folks to access a range of family-building care, like surrogacy and adoption services, egg/sperm freezing and IVF.
- Deliverables: MVP redesign, new feature design, and design system

HappyCo

www.happy.co

Product Designer II - Nov 2022 - Dec 2023

- Worked on a cross-functional team that was focused on optimizing the leasing experience for property management teams.

Tools: Figma, Jira+Confluence (Tickets and Documentation), Great Question (Research), Dovetail (Research), Maze (User Testing).

Yuhu Inc (acquired by HappyCo)

www.yuhu.io

Product Designer - Mar 2021 - Nov 2022

- During my time at Yuhu, the projects I'm most proud of were both collaborations with Vincent Galante, our Head of Product and Design. Together we spearheaded a comprehensive brand redesign and the development of Yuhu's resident mobile app.
- The app is a one-stop solution for renters to manage their homes, from paying rent and submitting maintenance requests, to booking amenities and more. A product that was a great success among our 80,000 users nationwide.
- The success of both efforts was underscored by the accolade of the "Product of the Year" award from the Canadian Federation of Apartment Associations.

Junior Product Designer - Sept 2019 - Mar 2021
