

## Good morning YECA Families!

Last Wednesday, we hosted our annual YECA Alumni College Panel. It was uplifting to hear our alumni's journeys and accomplishments! Providing our scholars with some meaningful advice, alumni said to "strive to do your best while at YECA", "YECA helped me with time management", and "it's easier to transition into college on your own because of the experience at YECA." We are also proud of our 10th grade PAC members, Emily and Alexa, for emceeing the event!

The first workshop is the NYC Department of Transportation Safety Presentation on **Wednesday, February 4th from 6:00-8:00 pm**. Please complete the registration form [HERE](#). I look forward to seeing you there!

Warm regards,

**Principal Krempa**

### **3. YECA News/Action Items**

#### **8th Grade Promotion Requirements and Stepping Up Ceremony**

As noted in York Early College Academy's Guidebook for Families, please see the guidance below. If you have any questions, please reach out to School Counselor, Ms. Richard at [crichard4@schools.nyc.gov](mailto:crichard4@schools.nyc.gov)

#### **Middle School**

At York Early College Academy, we offer an accelerated program that begins when students enter middle school. These accelerated classes provide the opportunity for students to earn high school credits while they are in middle school. Included in York Early College Academy's accelerated program are the Algebra I and Life Science Biology courses. Upon entering the 8<sup>th</sup> grade, all students are registered for these classes. Successful completion of the classes and a passing grade on the Regents exams allow for students to have access to college classes when attending our high school.

As per the Department of Education's Middle School Academic Policy, students who fail one of the major subjects, including **Life Science Biology** and **Algebra**, in June of their 8<sup>th</sup> grade year will be

programmed to attend traditional Middle School Summer School which is held at the Richard Grossley Campus (YECA building).

- ★ Attendance and participation in summer school is mandatory.
- ★ Promotional decisions will be made at the end of summer to determine whether or not the student is promoted into 9th grade.

**How does this impact my scholar's early college sequence?** As a result of students failing Life Science Biology and/or Algebra courses while in the 8th grade, they will be behind in credit accumulation according to York Early College Academy's Scope and Sequence.

**Why does this matter?** Students will not be eligible to attend York College until the credits for Life Science Biology and Algebra are obtained. They will have an opportunity to take these classes the summer of 9th and 10th grade, which means that they will not be programmed to participate in the courses at York College.

Please note that students must meet the promotion benchmarks set forth by the Department of Education to participate in YECA's Stepping Up Ceremony.

The Middle School Academic Policy Guide can be found at <https://www.schools.nyc.gov/>.

### Digital Wellness

The New York State Office of Mental Health is pleased to announce Digital Wellness on the BeWell website! The Digital Wellness Section of the 'Be Well' site includes: Information on how to maintain healthy habits with smart phones, tablets, and computers, and how using these devices can impact mental well-being.

### Midterm Exams (reminder)

#### **It's time for Middle of Year Assessments!**

- ★ All scholars will take the Middle of Year Reading & Math Assessments. This measures your child's grade levels in Reading and Math.
- ★ If your scholar is taking a course attached to New York State Assessment, they will be taking a midterm that is designed to be a "practice" exam. These exams measure how your child would do if they take the assessment right now.

To get the most accurate assessment of how your scholar would perform and how teachers can support their progress, please encourage your scholars to try their best on their middle of year assessments. (Eat a good breakfast, get a good night's rest and try your absolute best!) It is expected that scholars actively study for their midterm exams so we can measure their progress and determine individualized next steps for your scholar's academic success!

### Regents Week- January 20th-23rd (reminder)

- **Grades 9-12:** This year, the January Regents Exams are being administered from *Tuesday, January 20th to Friday, January 23rd*. **During this timeframe, students in grades 9-12 do not report to YECA for their regularly scheduled classes unless they are** scheduled to take a January Regents Exam. All students scheduled for an exam will receive their invitation next week. For questions regarding exam status, please reach out to our HS Guidance Counselor, Ms. Evripiotis at [sevripiotis@schools.nyc.gov](mailto:sevripiotis@schools.nyc.gov).

- **Grade 10:** On Tuesday, January 20th, ALL 10th grade students report to YECA no later than 9:00am for the English Language Arts Regents. The exam will begin promptly at 9:15am. Students must arrive on time in order to sit for the exam. Please note that students will be dismissed once they complete the exam.
- **Grades 6-10:** On Monday, January 26th, there is **no school** for students in **grades 6-10**.
- **Grades 11-12:** On Monday, January 26th, students will attend college classes for the first day of the Spring semester.

### **Important Notice About York College Bills**

Families, if you receive any bill from the York College Bursar, please **do not worry** and **do not make any payments**. YECA families are **not responsible** for these charges. Instead, please **forward the bill immediately to Mr. Madden, our College Liaison**, at [rmadden@york.cuny.edu](mailto:rmadden@york.cuny.edu) so he can address it quickly and ensure it is corrected.

Thank you for your attention to this important matter.
