

Good morning YECA Families!

I hope everyone stays safe and warm during this snowy season! As we move into the second half of the year, let's continue working together in service to our scholars by encouraging their regular attendance to ensure that they experience uninterrupted learning and can thrive in our early college program!

As a reminder, the first workshop is the NYC Department of Transportation Safety Presentation on **Wednesday, February 4th from 6:00-8:00 pm**. Please complete the registration form [HERE](#). I look forward to seeing you there!

Warm regards,

Principal Krempa

8th Grade Promotion Requirements and Stepping Up Ceremony (reminder)

As noted in York Early College Academy's Guidebook for Families, please see the guidance below. If you have any questions, please reach out to School Counselor, Ms. Richard at crichard4@schools.nyc.gov

Middle School

At York Early College Academy, we offer an accelerated program that begins when students enter middle school. These accelerated classes provide the opportunity for students to earn high school credits while they are in middle school. Included in York Early College Academy's accelerated program are the Algebra I and Life Science Biology courses. Upon entering the 8th grade, all students are registered for these classes. Successful completion of the classes and a passing grade on the Regents exams allow for students to have access to college classes when attending our high school.

As per the Department of Education's Middle School Academic Policy, students who fail one of the major subjects, including [Life Science Biology](#) and [Algebra](#), in June of their 8th grade year will be programmed to attend traditional Middle School Summer School which is held at the Richard Grossley Campus (YECA building).

- ★ Attendance and participation in summer school is mandatory.
- ★ Promotional decisions will be made at the end of summer to determine whether or not the student is promoted into 9th grade.

How does this impact my scholar's early college sequence? As a result of students failing [Life Science Biology](#) and/or [Algebra](#) courses while in the 8th grade, they will be behind in credit accumulation according to York Early College Academy's Scope and Sequence.

Why does this matter? Students will not be eligible to attend York College until the credits for Life Science Biology and Algebra are obtained. They will have an opportunity to take these classes the summer of 9th and 10th grade, which means that they will not be programmed to participate in the courses at York College.

Please note that students must meet the promotion benchmarks set forth by the Department of Education to participate in YECA's Stepping Up Ceremony.

The Middle School Academic Policy Guide can be found at <https://www.schools.nyc.gov/>.

Important Notice About York College Bills (reminder)

Families, if you receive any bill from the York College Bursar, please **do not worry** and **do not make any payments**. YECA families are **not responsible** for these charges. Instead, please **forward the bill immediately to Mr. Madden, our College Liaison**, at rmadden@york.cuny.edu so he can address it quickly and ensure it is corrected. Thank you for your attention to this important matter.

Updated Electronics Policy

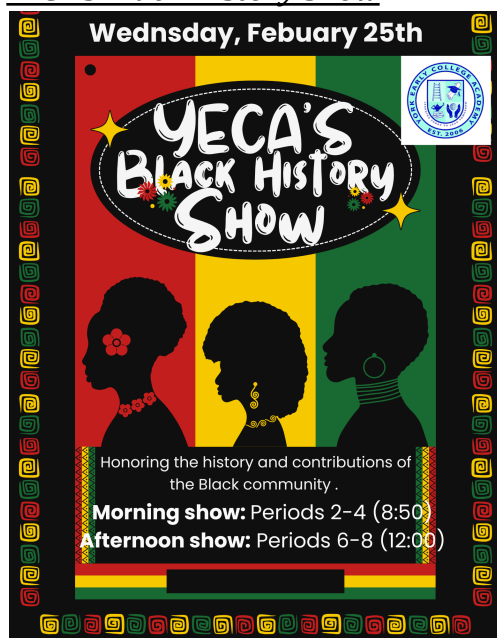

We appreciate your ongoing support, as the state-wide electronics policy has had a positive impact on our early college classrooms! To ensure consistent implementation, we are making a small update to our procedures.

Beginning Tuesday, January 27, all York Early College Academy students will be assigned an individual Yondr pouch. Students must bring their assigned pouch to school each day. Please see the letter sent to families for additional information: [Letter to Families](#) [REVISION to Electronics Policy](#)
