

# YOU CAN BE A CHAMPION FOR CLEAN WATER

Ready to turn your next gathering into something unforgettable?

Whether it's burgers in the backyard or beer with friends, you can make clean water flow—just by doing what you love. Here are **four fun ways to celebrate what matters**—and make a lasting difference while you're at it.

## JUST WATER PLEASE

For the one who'd trade gifts for something greater

Skip the stuff and turn your birthday, anniversary, or classroom into a clean water celebration. By raising \$2,000, you'll give 16 girls the chance to leave long water walks behind—and step into a healthier future.

**SUGGESTED GOAL:**  
\$2,000 for clean water  
for 16 girls

## BACKYARD BBQ

For the grill master with a big heart

Invite your crew over, fire up the BBQ, and flip burgers for a cause. Share a quick story, pass the hat (or the apron) and raise \$5,000 to bring clean water to 10 families. Good food, great friends, life-changing impact.

**SUGGESTED GOAL:**  
\$5,000 for clean water  
for 10 families

## TAP TO TAP

For the one who loves good brews and even better stories

Host a night at your favourite brewery or pub and invite friends to raise a glass—and raise funds. Between sips and stories, you'll help turn one tap here into a tap stand in Uganda, serving a village with clean water.

**SUGGESTED GOAL:**  
\$10,000 for a tap stand  
serving 500 people

## WINE TO WATER

For the curator of cozy, impactful evenings

Host a wine tasting with a sommelier or speaker guiding the flavours—and a moment of connection as you share how that wine becomes clean water for an entire Uganda.

**SUGGESTED GOAL:**  
\$10,000 for a tap stand  
serving 500 people
