2026 Open Enrollment

2026 Open Enrollment is from **October 27-November 10, 2025**. It's your opportunity each year to learn about benefits changes, review your coverage needs, and enroll. You can make changes to your elections throughout the enrollment period. **Your elections are final as of November 10 at 11:59 p.m. CT.** The benefits you elect are effective January 1, 2026.

Action Required – You Must Enroll!
You must actively make benefits elections this year if you want to have benefits in 2026. See page 3 for enrollment instructions.

If you do not enroll, you will **not** have benefits as of January 1, 2026. Your next opportunity to make changes to your benefits will be next year's enrollment for 2027 benefits, unless you experience a Qualified Life Event, like getting married or having a baby. See page 7 for more information on Qualified Life Events.

What's Changing for 2026

In 2026, you will have the **same** medical, dental, and vision plans, savings and spending account options and company-provided benefits like basic Life and AD&D coverage. However, there will be changes to your benefits.

NEW VENDORS

Medical and Dental

Beginning January 1, 2026, the following plans will be provided through BlueCross BlueShield of Texas (BCBSTX):

- The three Medical plans: Silver HDHP, Gold HDHP, and Traditional Copay Plan
- Dental plan

With BlueCross BlueShield of Texas (BCBSTX), you have access to a wide network of providers, tools, and resources to help you get the most from your health coverage. From preventive care to managing chronic conditions, BCBSTX offers support every step of the way. Visit www.bcbstx.com to find in-network doctors, compare costs, and explore your plan benefits. For on-the-go access, download the BCBSTX mobile app to view your ID card, track claims, and find care anytime, anywhere.

CONTINUATION OF CARE

If you or a covered family member are undergoing treatment for pregnancy or a serious illness, you may qualify for transition of care benefits. This allows you to continue seeing your current provider for a limited time, even if they are outside the BCBSTX network. You will need to complete a continuation of care form, which you can find at ExyteUSABenefits.com.

OTHER CHANGES

Maven Maternity is the new app-based virtual clinic that provides you with pregnancy, postpartum and newborn support. Maven also includes fertility and family building. It also gives you and your partner 24/7 access to a bundle of resources — all included in your medical plan. OnePass will be replaced with Well onTarget. See page 21 for details.

PLAN DESIGN CHANGES FOR 2026

In 2026, the Gold Plan deductible will be $1,700 for individual coverage and $3,400 for family coverage. This is to comply with IRS regulations.

NEW WELLNESS PLATFORM

We will continue to offer Well@Work, our Exyte USA wellness rewards program. In 2026, Well@Work will be administered by Well onTarget through BCBSTX. See page 20 for details and login instructions.

  - Disability must have occurred prior to age 25.

These definitions are intended as a summary in layman's terms and do not constitute a guarantee of coverage.

DEPENDENT VERIFICATION

Many choices you make can impact Exyte USA and others. For example, if you add someone to your coverage that is not an eligible family member, this adds to the overall cost of the health plans and affects everyone who shares in the cost of those plans. Part of our responsibility to help control cost increases is to provide coverage only for those who are eligible dependents.

On a weekly basis, we audit new dependents added to Exyte USA health benefits and may request specific documentation to verify dependent status. Some examples of documents you may be asked to provide include:

- Birth certificate
- Marriage certificate
- Portions of your tax return

Depending on your situation, you may be asked to provide other types of documentation.

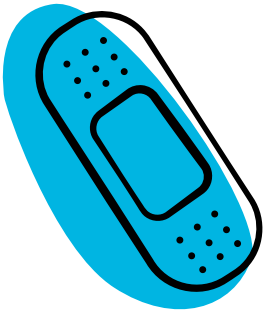

Qualified Life Events

Generally, you may only change your benefit elections during the Open Enrollment period. However, since life happens, you also may change your benefit elections during the year if you experience a Qualified Life Event.

QUALIFIED LIFE EVENT		DOCUMENTATION NEEDED
Change in marital status	Marriage	Copy of marriage certificate
	Divorce/Legal Separation	Copy of divorce decree
	Death	Copy of death certificate
Change in number of dependents	Birth or adoption	Copy of birth certificate or copy of legal adoption papers
	Step-child	Copy of birth certificate naming spouse as parent plus a copy of the marriage certificate between employee and spouse
	Death	Copy of death certificate
Gain or Loss in other coverage	Change in your eligibility status (i.e., full time to part time)	Notification of increase or reduction of hours that changes coverage status
	Change in spouse's or child's benefits or employment status	Notification of spouse's or child's employment status that results in a loss or gain of coverage
	Other group health plan due to their Open Enrollment period	Enrollment confirmation, coverage confirmation from new carrier

CHANGING BENEFITS AFTER OPEN ENROLLMENT

During the year, you cannot make changes to your benefits (except for HSAs) unless you have a Qualified Life Event. **If you experience a Qualified Life Event, you must contact** exyteamerbenefits@exyte.net **within 30 days of the event.** If more than 30 days have passed since the event, you will have to wait until the next annual open enrollment period to make changes (unless you experience another Qualified Life Event).

Medical

Medical insurance is essential to your well-being. Our medical coverage provides you and your family with the protection you need for everyday health issues. Exyte USA offers multiple medical plans administered by BlueCross BlueShield of Texas (BCBSTX) that use the BlueChoice PPO Network: a traditional PPO and two High Deductible Health Plans (HDHPs).

How Health Plans Work

Preventive Care – like physical exams, flu shots and screenings – is always covered 100% when you use in-network providers. The key difference between the plans is the amount of money you'll pay each pay period and how much of the cost you are responsible for up front. Review the terms and explanations below for a better understanding of each plan.

- **Annual deductible amounts** – The amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay.
- **Out-of-pocket maximums** – The most you will pay each year for eligible network services including prescriptions. After you reach your out-of-pocket maximum, the plan picks up the full cost of covered medical care for the remainder of the year.
- **Copays** – A copay is a fixed amount you pay for a health care service, such as a visit to your doctor or a prescription medication. Copays do not count toward your deductible but do count toward your annual out-of-pocket maximum. The HDHP (Gold) only has copays for prescription medications and these only apply after you meet the deductible.
- **Coinsurance** – Once you've met your deductible, you and the plan share the cost of care, which is called coinsurance. For example, with the Traditional Copay Plan, you pay 20% for services and the plan will pay 80% of the cost until you have reached your out-of-pocket maximum. With the HDHP (Gold), you pay 10%, and the plan pays 90%. With the HDHP (Silver), you pay nothing and the plan pays 100%.
- **Tier** – Medications covered under the pharmacy plan are organized into tiers related to their overall cost. For example, Tier 1 is generic medications, Tier 2 is more expensive brand medications, and so forth. Visit OptumRx.com to determine how your medications may be covered.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a personal savings account you can use to pay for qualified out-of-pocket medical expenses with pretax dollars — now or in the future. Once you're enrolled in the HSA, you'll receive a debit card to help manage your HSA reimbursements. Your HSA can also be used for your expenses and those of your spouse and dependents, even if they are not covered by the HDHP medical plan. **When you enroll in medical coverage under the Gold or Silver HDHP, you are automatically eligible for an HSA through WEX, Inc. To receive the employer contribution and make your own contributions, you must actively elect HSA coverage and choose your contribution amount.**

How a Health Savings Account (HSA) Works

ELIGIBILITY

You must be enrolled in a High Deductible Health Plan. At Exyte, this is the Gold or Silver Plan. You are not enrolled in Medicare. You cannot be claimed as a dependent on someone else's tax return. You have not received Veterans Affairs (VA) benefits within the past 3 months (except for preventive care). If you want to enroll in a Health Care FSA, you are eligible to enroll only in a Limited Purpose FSA.

USING YOUR ACCOUNT

You may be contacted by Wex via email to verify your identity before your account can be set up, so be sure to monitor personal email. Please note that a residential address is required, and a P.O. Box is not a valid form of address to set up your account. Go to www.wexinc.com/login/ to register and create a new user ID and password that you will use to access your account. Within 7 – 10 business days of registration, you will receive a welcome packet that includes your debit card (activation required).

YOUR CONTRIBUTIONS

You contribute on a pretax basis and can change how much you contribute from each paycheck up to the IRS maximum of $4,400 if you enroll only yourself, or $8,750 if you enroll in family coverage.* You can make an additional catch-up contribution of $1,000 if you are age 55. Your HSA contributions are prorated over 26 paychecks.

THE COMPANY'S CONTRIBUTION

Exyte USA contributes $825 to your HSA. If you are enrolled in the Silver HDHP, and cover one or more dependents, Exyte contributes $1,650. These contributions are prorated over 26 paychecks.

ELIGIBLE EXPENSES

Medical, dental, vision, and prescription drug expenses incurred by you and your eligible family members. See the complete list of qualifying HSA expenses at https://www.wexinc.com/resources/benefits-toolkit/eligible-expenses/. Please note: Funds available for reimbursement are limited to the balance in your HSA. Use the debit card linked to your HSA to cover eligible expenses or pay for expenses out of your own pocket and save your HSA money for future health care expenses.

* The amount Exyte USA contributes to your HSA goes toward the IRS maximum.

HEALTH CARE FSA*	LIMITED PURPOSE FSA*
You may choose Health FSA if you are enrolled in the Traditional Copay Plan or if you waive medical coverage. Contribute up to $3,400, pretax to pay for services not covered by your medical, dental or vision plan such as copays, coinsurance, deductibles, prescription expenses, lab exams and tests, contact lenses and eyeglasses. Disability Insurance

Disability insurance can keep you financially stable should you become disabled and unable to work. It can help provide a sense of security, knowing that if the unexpected should happen, you'll still receive a monthly income. Exyte USA provides Short-Term Disability (STD) and Long-Term Disability (LTD) at no cost to you. You are automatically enrolled in coverage upon hire.

SHORT-TERM DISABILITY BENEFITS AT A GLANCE	
Coverage	60% of your weekly earnings to a maximum of $1,500 for up to 12 weeks
When Benefits Begin	7 days following injury or illness

LONG-TERM DISABILITY BENEFITS AT A GLANCE

When Benefits Begin	90 days following injury or illness
Pre-existing condition	3-month look back/ 12-month waiting

HOW STD AND LTD WORK TOGETHER

First 7 days

PTO pays 100% of your pay until STD begins.

After 7 days of injury or illness

Approved STD pays a portion of your income.

After 90 days of disability

LTD begins if approved.

A qualifying disability is a sickness or injury that causes you to be unable to perform any other work for which you are or could be qualified by education, training, or experience.

What to Do if You Experience a Non-Work-Related Injury or Illness

If you experience an unexpected medical emergency that is not work-related and leaves you unable to work, you should contact Human Resources as well as your manager as soon as it is practical.

If you become aware of a planned medical event such as pregnancy or surgery, you should also contact Human Resources and your manager to request a leave of absence.

The next step is to initiate your disability claim with Lincoln (Exyte USA's disability insurance provider). All disability claims are subject to medical review and approval by Lincoln.

  - Your supervisor/manager
  - Exyte Benefits Department

WHAT IS FMLA AND HOW DOES IT WORK?

The Family & Medical Leave Act (FMLA) provides job protection for you in the event of your own serious medical condition or to care for an immediate family member. Under FMLA, employees who have completed 12 months of employment are eligible for up to 12 weeks of unpaid leave.

FMLA is designed as job protection, not as a source of income. In most cases of your own serious medical condition, Short-Term Disability and FMLA work together to help you with your disability case.

Exyte USA is committed to assisting you in furthering your education, enhancing your current skills and improving your potential. Through the Tuition Reimbursement benefit, you are eligible to receive reimbursement for a portion of the costs you incur for higher education pursued outside of working hours. Exyte USA offers reimbursement for the cost of tuition fees, required textbooks and other supplies relating to eligible courses taken at an accredited college or university up to the IRS maximum of $5,250 per year.

Reimbursement is only for educational courses related to present responsibilities or which will help you prepare for reasonably foreseeable future responsibilities with the company. Full policy details and requirements can be found on **OneNET >> USA >> HR >> Policies** or contact ExyteAMERBenefits@exyte.net.

Student Debt Program

To help you meet your financial goals faster, Exyte USA offers the Student Debt Program administered by Fidelity. This program provides Company-funded payments to your qualified higher education student loans. Full policy details and requirements can be found on **OneNET >> USA >> HR >> Benefits >> Additional Benefits** or contact ExyteAMERBenefits@exyte.net.

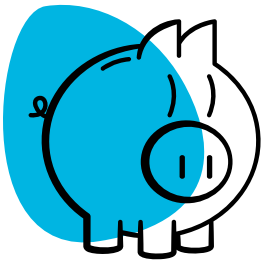

How it Works

While you keep making your minimum monthly payments, Exyte USA will send monthly payments of $100 to your loan service provider up to a $10,000 lifetime maximum. This extra payment can help lower your principal balance and reduce the amount of interest that will accrue on your loan, potentially saving you hundreds or even thousands of dollars.

Additional Resources

In addition to receiving the monthly contribution from Exyte USA, you will have access to the entire Fidelity Student Debt Program including the Student Debt Tool, which can help you:

- See all your student loans in one place.
- Understand your payments, interest costs, and potential age at payoff.
- Learn about the different repayment options that may be available to you.

Planning For Retirement

What does retirement look like for you? Maybe you plan to travel the world. Or maybe you'd like to take up some hobbies closer to home. Whatever your goal, it's important to take responsibility for your own finances so you have the income you'll need in the future.

One of the best ways to ensure a secure retirement is to start saving as early as possible. Our 401(k) savings plan allows you to save for retirement while receiving certain tax advantages. You can begin contributing to the plan at any time once you become eligible and start making contributions to your account through convenient payroll deductions.

Note that new hires will automatically be enrolled at 3%.

- Each year, there will be an automatic 1% increase in deferrals up to 15%.
- You may enroll for a different percentage or opt out of these programs via www.netbenefits.com.

Increase Your Retirement Savings With a 401(k)

- **Exyte USA will match 100% of your contribution for each dollar you defer to the plan, up to the first 4%.**
- Contribute using convenient payroll deductions up to the 2025 IRS limit of $23,500 per year. The 2026 limit will be released by the IRS in the late fall.
- Change the amount of your contributions or stop your payroll contributions at any time.
- Decide how to invest your 401(k) or allow the plan to choose for you.
- Age 50 or older? Make an additional "catch-up" contribution of up to $7,500 in 2025 to save even more. The 2026 limit will be released by the IRS in the late fall.
- You are always 100% vested in your contributions to the plan. You are 40% vested in company contributions after two years and 100% vested after three years.
- A Roth 401(k) option is also available, and can be used in place of, or in conjunction with, the pretax provision of the traditional 401(k) plan.

Changing or Stopping Your Contributions

Paid Time Off (PTO)

As a full-time, regular employee, you accrue Paid Time Off (PTO) on a weekly basis. PTO can be used for vacation, sick leave, and personal days. You begin accruing PTO on your first day and may use your PTO anytime, subject to your manager's approval.

Accrual occurs weekly based on an annual number of hours divided by 52 weeks. The maximum accrued balance at any given time is equal to the annual accrual plus 80 hours. Once you are at or above the maximum total accrual level, you will stop accruing PTO until your PTO balance falls below the maximum total accrual level. Note that new hires will automatically be enrolled at 3%.

TIER	YEARS OF SERVICE	HOURS ACCRUED PER YEAR	HOURS ACCRUED PER WEEK	MAXIMUM ACCRUAL LIMIT
