Ayukîi,

The Karuk Tribal Council is pleased to announce a **One-Time General Assistance Program** for eligible households residing within the Tribe's designated service areas.

The Council understands that financial hardships can affect individuals and families in many ways. Unexpected expenses and the rising costs of everyday necessities can create challenges, and we recognize the importance of providing support when it is needed most.

Program Description

This program offers one-time financial assistance for the following needs:

Utilities
Rent or mortgage payments
Temporary shelter

Who Is Eligible?

Enrolled Karuk Tribal Members and descendants within the service area.
Members of other federally recognized tribes who reside within the service area.

Assistance Available

Eligible households may apply for assistance of up to $1,000 per household.
Please note that funding is limited and assistance will be provided on a first-come, first-served basis.

The Council recognizes that financial hardships do not stop at service-area boundaries. We understand that members residing both within and outside the designated service areas may be experiencing similar challenges and financial difficulties.

Unfortunately, because of the funding source and established program guidelines, this assistance program must be limited to eligible households within the designated service areas. We recognize that this may be disappointing to some members, and we appreciate your understanding.

The Council remains committed to the well-being of the entire Karuk membership and recognizes the importance of supporting our people through difficult times.

Yôotva.
