

Springpod *Essentials* for Teacher/Advisor Guide

We have created this guide to provide you with all the essentials you need to get started with Springpod.

Getting Started Checklist

- Join Teacher/Adviser Community to stay up to date – [here](#)
- Create your own student account to view experiences (link to your institution and change your DOB!) – [here](#)
- Explore work experience – [here](#)
- Explore study experiences – [here](#)

Explore our classroom led Year 7 and 8 experiences – [here](#)

Complete form to set up your engagement report – [here](#)

Share our troubleshooting guide with your IT department – [here](#)

Check out resources in our library – [here](#)

Book a virtual student talk if needed – [here](#)

Book a meeting with Jo if needed – [here](#)

Add **Springpod** to your online careers information

Add **Springpod** to your newsletters

and how about ...

Launch a Springpod challenge to promote engagement. We can give you ideas!

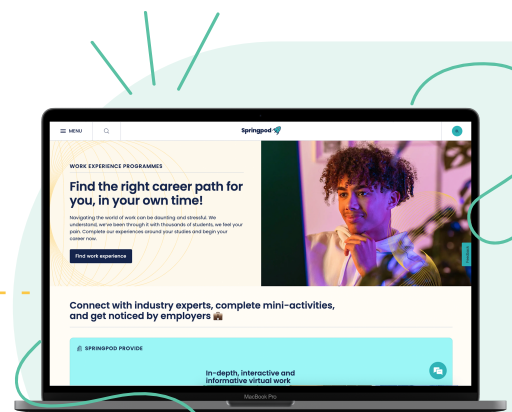

Set up employer panels so students can present their work

Set up a real world challenge so they can showcase their new knowledge and skills e.g create an advert for their dream employer or devise a marketing plan or plan an event

Reach out to local employers to bring the virtual content to life with a visit or talk

Ask older students to present to younger year groups about their experiences

Set up a careers ambassador programme using our training programme – [here](#)

Introduction Videos

Play or share our short intros below

- Our new short animation – [view](#)
- Introduction to Springpod ([work experience only](#))
- Introduction to Springpod ([work experience and subject spotlights](#))
- Introduction to Springpod ([subject spotlights only](#))

Presentation Slides

If you prefer to present, you can use our slides below:

- Introduction to Springpod [Work Experience](#)
- Introduction to Springpod [Work Experience and Subject Spotlights](#)
- Introduction to Springpod [Subject Spotlights](#)

Guides and Resources

You will find all of our resources in our library [here](#).
