

Schematic symbols

- Existing walls
- Frameworks (45x45mm, SPU insulation between frameworks) + Frameworks (21x45mm) + Thermo aspen Kyte linings (15x60mm)
- Frameworks (45x45mm, SPU insulation between frameworks) + Thermo aspen linings (15x90mm)
- The bench brackets (x7)
- Thermo Aspen benches (28x42/120mm)
- A mechanical ventilation air output (in the wall, h=0.4m, to be determined at location by ventilation specialist)
- A mechanical ventilation air supply (in the ceiling under the heater, to be determined at location by ventilation specialist)
- Lighting: LED-stripes (under benches, behind a backrest)
- Sauna el heater. Huum Hive, 12kW + Control unit
- Decorative stone: GS-Delos, black

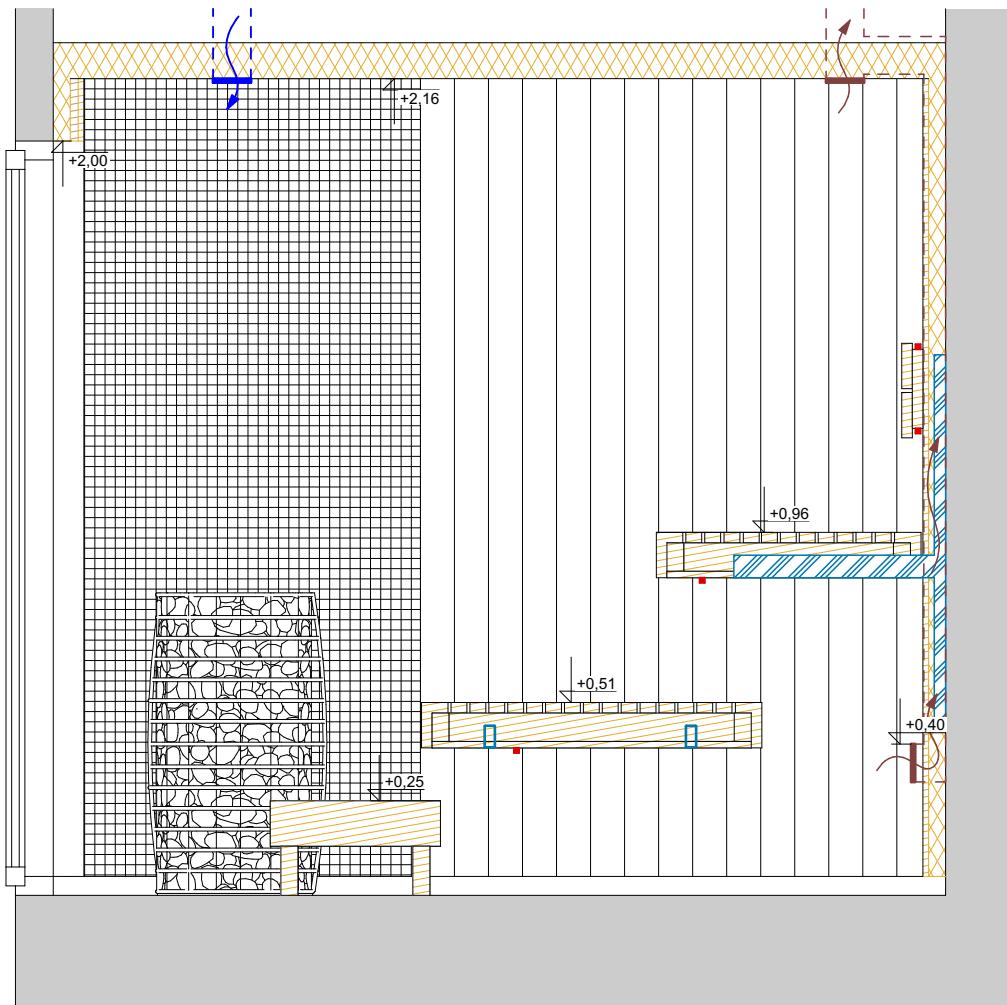

h	2.16m
S	4.9m²
V	19.1m³
kW	12kW
