TO WHOM IT MAY CONCERN

Dear sir/madam.

RECOMMENDATION LETTER

RE: MASHUJAA IN THE MAKING

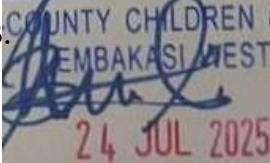

This is to let you know that as the Embakasi West Children Office, are working cordially in a good relationship with the Mashujaa in the Making that helps us with the shelter, protection. love and care for the orphans. vulnerable and totally abandoned children.

They have also been providing shelter for the minors that are in contact with the law as their cases continue proceeding in court. They also give vocational training to the children that are almost exiting from the children's home. They have been getting the children from the referrals of this office, others from Police and the chief's office.

Any help provided by them will be of great help to the children that are benefitting positively from the Children's Home. As we would also be very grateful for the stretched hand of help to the minors.

Thanks in advance for your consideration.
