Finding R&D Tax Credits for your **DAIRY FARM**

Who We Are

We help business owners find R&D tax credits in a fully compliant and efficient way. We've worked with many dairy farmers to recoup costs for the research and development that you've done to innovate and grow your business.

WHAT QUALIFIES?

- Adjusting nutrition to improve milk composition
- Develop new feeds & diets with the aim of improving herd health
- Improving herd genetics or breeding programs
- Optimizing feed formulations or delivery systems
- Testing milking or equipment efficiency
- Reducing somatic cell counts or mastitis incidence
- Developing cooling, storage, or milk handling systems
- Monitoring animal health with sensors or automation
- Trialing new bedding or housing designs

WHY WORK WITH US?

Financially Lucrative

7-10% tax reimbursement or tax credit on qualifying costs per year.

No Risk Benefits

We offer a free consultation to determine whether or not you qualify. You can then claim eligible costs back from the previous 3 years, current year and every year moving forward, should you continue to perform qualifying activity.

What Costs Qualify?

- Wages (owner & qualifying employees)
- Feed spend
- Nutritionists, consultants, & vets
- Experimental software

A dairy farm secured \$508K in claims.

Formulated and tested experimental rations to improve milk product quality.

800+ businesses served.

\$100M+ secured for our customers.

ZERO audit adjustments.

"I appreciate the work that RK did to help me identify and work through my R&D tax credit. The team did a great job of helping me identify the information they needed and pulling it all together.

Great communication through the whole process which helped me have confidence in the process."
