Finding R&D Tax Credits for your **MANUFACTURING COMPANY**

Who We Are

We help business owners find R&D tax credits in a fully compliant and efficient way. We've worked with many manufacturing companies to recoup costs for the research and development that you've done to innovate and grow your business.

WHAT QUALIFIES?

- Designing/improving new components or products
- Developing and testing prototypes to resolve technical unknowns
- Designing or improving manufacturing processes
- Developing custom tooling, jigs, fixtures or molds
- Automating production processes
- Testing and qualifying new materials
- First article / PPAP processes
- Engineering solutions for scaling up from prototype to full production
- Developing or customizing CNC programs or software

WHY WORK WITH US?

Financially Lucrative

7-10% tax reimbursement or tax credit on qualifying costs per year.

No Risk Benefits

We offer a free consultation to determine whether or not you qualify. You can then claim eligible costs back from the previous 3 years, current year and every year moving forward, should you continue to perform qualifying activity.
