## Finding R&D Tax Credits for your AI COMPANY

### Who We Are

We help business owners find R&D tax credits in a compliant and efficient way. We've worked with many AI companies to recoup costs for the research and development that you've done to innovate and grow your business.

### WHAT QUALIFIES?

- Training and fine-tuning ML models through iterative experimentation.
- Developing proprietary algorithms for inference, pattern recognition, or decision-making that go beyond off-the-shelf implementations.
- Designing and iterating on model evaluation frameworks, including custom benchmarks and real-world performance validation.
- Engineering data pipelines, preprocessing methods, and synthetic data generation to address training data gaps.
- Solving deployment challenges such as latency reduction, memory optimization, and hardware-software integration for inference at scale.

### WHY WORK WITH US?

#### Financially Lucrative

7-10% tax reimbursement or tax credit on qualifying costs per year.

#### No Risk Benefits

We offer a free consultation to determine whether or not you qualify. You can then claim eligible costs back from the previous 3 years, current year and every year moving forward, should you continue to perform qualifying activity.

#### What Costs Qualify?

- Wages
- Software
- Contractors
- Computer rental
