## Finding R&D Tax Credits for your **AQUACULTURE COMPANY**

### Who We Are

We help business owners find R&D tax credits in a compliant and efficient way. We've worked with many aquaculture companies to recoup costs for the research and development that you've done to innovate and grow your business.

### WHAT QUALIFIES?

- Developing and iterating on water quality management systems, including custom filtration, oxygenation, and recirculation designs for optimized aquatic environments.
- Researching and testing feed formulations, feeding regimens, or delivery systems.
- Engineering proprietary monitoring systems or sensors to track biological and environmental variables in real time across tank or pen systems.
- Trialing selective breeding programs or genetic techniques.
- Developing and validating disease detection, prevention, or treatment protocols.

### WHY WORK WITH US?

#### Financially Lucrative

7-10% tax reimbursement or tax credit on qualifying costs per year.

#### No Risk Benefits

We offer a free consultation to determine whether or not you qualify. You can then claim eligible costs back from the previous 3 years, current year and every year moving forward, should you continue to perform qualifying activity.

#### What Costs Qualify?

- Wages
- Supplies
- Contractors
- Software
