## Finding R&D Tax Credits for AGRICULTURE OPERATIONS

### Who We Are

We help business owners find R&D tax credits in a fully compliant and efficient way. We've worked with many agriculture operations to recoup costs for the research and development that you've done to innovate and grow your business.

#### WHAT QUALIFIES?

- Developing new grazing systems to improve livestock productivity.
- Testing ranch infrastructure improvements (water, fencing, irrigation).
- Experimenting with herd genetics or livestock management methods.
- Developing land management systems to improve forage production.
- Testing soil or rangeland health monitoring technologies.
- Experimenting with conservation or biodiversity improvement methods.
- Improving ranch operations using data collection and analytics.
- Running trials to improve carrying capacity or pasture utilization.

#### WHY WORK WITH US?

##### Financially Lucrative

Dollar for dollar income or payroll tax for deduction through 7-10c. Claims can be submitted from the previous 3 accounting periods, current year and every year moving forward should you continue to qualify.

##### No Risk

We offer a free consultation to determine whether or not you qualify.

##### Your CPA

RK Partners complements your CPA, never competes with them. R&D Tax Credits require a level of technical depth and IRS defense experience that falls outside most firms' day-to-day practice — that's exactly where we specialize.
