Finding R&D Tax Credits for your **DEFENSE TECH COMPANY**

Who We Are

We help business owners find R&D tax credits in a compliant and efficient way. We've worked with many defense technology companies to recoup costs for the research and development that you've done to innovate and grow your business.

WHAT QUALIFIES?

- C4ISR, mission planning, and real-time embedded software development
- Cybersecurity, encryption, and secure data transmission solutions
- AI/ML models for threat detection, targeting, and logistics optimization
- Sensor, avionics, radar, and weapons systems software integration
- Performance optimization for latency, throughput, and fault tolerance in high-risk environments
- Simulation and autonomous action chain development
- Electronic warfare, radar, antenna, and ruggedized hardware design and prototyping
- Custom PCB, embedded systems, and power/thermal/EMI engineering
- Environmental qualification testing (HALT/HASS, vibration, shock) and subsystem integration
