FATCA / CRS

The International Tax Compliance Regulations 2015, which implemented the Foreign Account Tax Compliance Act “(FATCA)” and the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (“CRS”) require us to collect information about each client’s tax residency.

In general, a foundation is tax resident where you are liable to taxes, which is generally based on where the Foundation is managed and controlled and/or where assets owned by the Foundation are located. A foundation can be resident for taxation in several jurisdictions.

We may be obliged to share information about you with the Jersey tax authority who may in turn share this information with any or all participating tax jurisdictions. Those countries that have agreed to exchange information under FATCA and/or CRS are **Reportable Jurisdictions**.

A Reportable Jurisdiction is a jurisdiction with which an obligation to provide financial account information is in place. A list of Reportable Jurisdictions is shown here: <http://www.oecd.org/tax/transparency/AEOIcommitments.pdf>

Please indicate all countries in which the Foundation is resident for tax purposes and the associated Tax Identification Numbers in the table below.

If you have any questions about tax residency, please contact your tax adviser. Should any information provided change in the future, please ensure you advise us of the changes promptly. If you would like us to refer you to a suitable tax adviser, please ask your Client Director.
