401(k) Employee Savings Plan (Merrill Lynch)

- The Employee Savings Plan allows you to contribute 1% to 50% of your base and bonus income through payroll deductions either pre-tax or in an after-tax Roth option and is designed for long-term savings.
- You will be eligible to participate in the 401(k) plan on your date of hire if you are at least twenty-one (21) years of age.
- The company will match \$.50 for every \$1.00 on the first 5% of your pay that you contribute. Newly hired employees are eligible for the company match after 3 months of employment.
- Vesting in the match occurs at 20% after each year of service. Employees are fully vested after 5 years of service.
- The IRS defines employees in 2026 with an annual compensation of \$160,000 or more in 2025 as Highly Compensated Employees (HCEs). That definition is subject to change annually. Due to required non-discrimination testing, Cracker Barrel limits HCEs to a 2% contribution rate in the 401(k) Plan and provides enrollment in the Non-Qualified Plan as another means to save funds pre-tax.
- After you begin employment, you may “roll-over” the balance from another qualified retirement plan into Cracker Barrel’s 401(k) Plan, following IRS guidelines, without any early withdrawal penalties on the amount rolled over, as long as the money goes directly from your former plan to the Cracker Barrel Plan.
- To enroll or to receive information about a rollover, contact the Merrill Lynch Retirement & Benefits Contact Center at 1-855-444-6305 or logon to www.benefits.ml.com.

Non-Qualified Savings Plan (Merrill Lynch)

- Employees who are members of a select group of management are eligible to enroll. The non-qualified Plan (NQP) is a tax-deferred retirement savings plan with some features similar to a 401(k).
- You can defer up to 50% of your base salary and/or up to 100% of bonuses.
- You may elect a different deferral amount for salary and for bonuses.
- The company will contribute \$.25 for every \$1.00 you defer to the plan, up to 6% of your pre-tax deferrals. The match is applied to the first 6% of combined 401(k) and NQP income deferred.
- If eligible, you will be notified and may enroll within 30 days of becoming eligible. This plan requires re-enrollment each year. Annual enrollment for this plan is typically in November to be effective January 1 of the following year.
- This Plan is considered a deferred compensation plan under the Internal Revenue Code. Your money could be at risk in the unlikely event of the Company’s insolvency.
- You may withdraw funds only for severe and unforeseeable financial hardship conditions, regardless of your age, while you are employed. Your withdrawal is subject to regular taxation, but not tax penalties.
