BENEFITS & WHY THEY ARE A SMART DECISION

FINANCIAL PROTECTION

PEACE OF MIND

- Confidence knowing that if a big component fails, you're covered.
- Especially helpful if you **drive long distances, plan to keep your vehicle beyond factory warranty, or don't have a large emergency fund**.
- Freedom to use **any licensed repair facility**, not just the dealership.

ADDITIONAL PERKS

- **Rental Car Reimbursement:** Provides a rental while your car is in the shop for covered repairs.
- Many plans also include **roadside assistance** and trip interruption coverage.

IDEAL FOR DRIVERS WHO...

- Own **older** or **high-mileage vehicles**.
- Plan to **keep** their cars long **after** the factory **warranty expires**.
- Want to avoid the risk of large, surprise repair bills.
