Welcome

TO IMMERSE NEW YORK

We are delighted that you will be joining an Immerse academic programme this summer!

We're excited to welcome you to New York and for you to explore your subject in depth with our expert tutors. Throughout this Welcome Pack, you will find answers to some of the most frequently asked questions by students ahead of their programme.

Arriving at Immerse

We understand that starting your programme with Immerse is a time filled with excitement, anticipation, and usually some questions! Our Welcome Pack is here to help answer any questions you may have as you plan your arrival and the beginning of your Summer with Immerse.

When should I arrive for the programme?

We recommend that participants arrive between **14:00** and **18:00** on the first day of the programme.

Where should I go when I arrive?

The university where you will be staying and studying at will be shared with you a few weeks in advance of the programme. Upon arrival, you should go to the Main Reception. Members of staff will be on hand to welcome you and help you to the registration area.

What do I need for registration?

If you are not an American citizen, you will need to provide your passport or ID information, so it's useful to have this to hand when you arrive.

What will I receive at registration?

When you arrive for the Immerse summer programme you will be registered by a member of our team, provided with an access code for the college Wi-Fi and an Immerse Arrival Pack.

When can I check-in to my room?

The keys to your room are typically available from **14:00**. Once you've received them, a member of our team will show you to your room so you can start settling in.

If you have enrolled as a non-residential participant, your fees do not include accommodation, but you are welcome to join any of the activities planned throughout the programme. We recommend you attend the college tour on the first day of the programme to familiarise yourself with the college grounds and meet the team.

What happens on arrivals day?

Arrivals day is a gentle introduction to Immerse and a great opportunity for you to meet your fellow participants.

We offer rolling tours of your accommodation between **14:00** and **17:00**. These depart from the registration area frequently. Parents and families are welcome to attend these tours and explore the college!

After dinner, there will be a welcome talk to highlight important information and introduce participants to the summer team.

After the welcome talk, there will be a series of fun, light-hearted activities to help participants get to know each other and their mentors.

ARRIVING BY PLANE

What you need to know:

We offer a variety of services that can be booked in advance:

Shared Airport Transfers

This is a chaperoned service departing from JFK only and travelling directly to the Immerse programme. The transfers depart at **11:00, 14:00** and **17:00** on the Sunday of arrivals.

Please note that we are unable to accept parents, guardians or other adults onto the transfers. Parents/guardians are responsible for ensuring that the appropriate transfer time is booked. Once confirmed, the booking is non-refundable.

Information such as the meeting point and contact details for the College Manager will be shared with participants and parents once transfer bookings have closed and been confirmed.

Please keep in mind that we are unable to delay the departure time of the transfer if your flight is delayed, but where possible, we will move delayed arrivals to the next available transfer.

Private Airport Transfers

If you are arriving in New York and prefer to organise a transfer service perfectly aligned with your flight times, a private transfer can be booked through our private transfer service.

To request a quote, please email: student.services@immerse.education with the following details:

- Arrival time
- Arrival airport
- Contact information

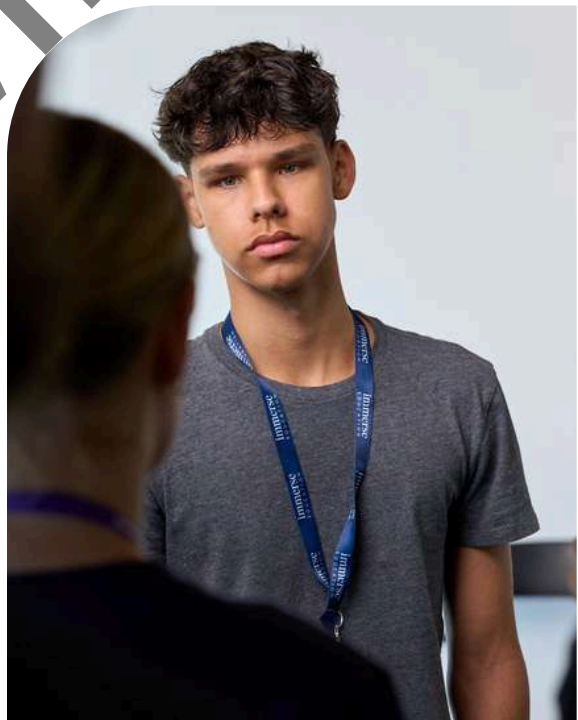

Recommended Transfer Providers

If you would like to arrange your own taxi:

- [NYC Perfect Transportation](#)
- [NYC Platinum Transport](#)
- [Precision NY Chauffeur & Airport Transportation Services](#)
- [Kid Car](#)

Unaccompanied Minor Service

Check your airline's specific requirements in advance. For example, if someone needs to meet you at the arrivals gate, please contact us to arrange this.

Arrival times

Can I arrive before 14:00?

Our team will be available from **12:00** onwards. However, you will not be able to check-in to your room before **14:00**. You are welcome to store your luggage with our staff and explore the surrounding areas near campus if you do arrive before your room is ready.

Can I arrive after 18:00?

Participants can arrive until **21:30** on Sunday evening. Please communicate late arrivals to your college manager beforehand. Upon arrival, your mentor will help you register, find your room, and settle in.

Note that arrival after 23:00 is not possible.

Is there someone I can contact on arrivals day?

Before you arrive, we will be putting you in touch with your College Manager, as well as sharing the emergency contact details.

I'm arriving on the Saturday before the programme. Can I check-in early?

We are unable to accept early arrivals to the programme; however, there are a number of hotels and other accommodation providers in New York. We recommend booking additional accommodation in advance as New York can become busy during the summer.

Guests under the age of 18 need to be accompanied by an adult if they wish to stay in a hotel.

How do you handle emergencies or unexpected situations?

We understand that on arrival day, sometimes things don't always go according to plan. In these circumstances, please let our College Manager know of any change of circumstances as soon as you can. We have staff on call at the airport who will be able to assist you. If you encounter a problem on arrival day, please contact our office number:

+44(0)20 8123 6988

We will also provide a 24-hour emergency number closer to the beginning of Summer should you need our urgent help and support.

I have another question, which isn't answered here, where do I find the answer?

If you have any further questions regarding arrivals to the summer programmes, please do not hesitate to contact us at:
student.services@immerse.education

Departing from Immerse

Departure day is always an emotional experience as you celebrate all you have achieved and say goodbye to the many friends you have made over the course of the programme. This document provides key information for you to consider on departure day.

What happens on departures day?

Departure day is an exceptionally busy day, to ensure everything goes as smoothly as possible, we ask that all participants have packed their belongings and checked in to their flights well in advance.

Rooms should be double-checked for any personal items left behind before returning your key to the College Manager.

After you have checked-out, you will either be joining your fellow participants in our shared transfer service to the airport, or venturing out with your own arrangements. If you are making your own transport arrangements, please let us know well in advance of departure day!

When should I depart from the programme?

Participants are required to vacate their rooms and return their keys by **09:30** on the final Saturday of the programme. Our team is available on site until **15:00** that day in case of an emergency.

Can I depart before Saturday?

Academic sessions end at **15:30** on Friday afternoon, and participants are welcome to depart any time after this. Naturally, we would love everybody to be present at the graduation ceremony; however, we appreciate that this is not always possible for international travellers and those with other engagements.

Can I depart after 10 AM?

Participants are required to return their room keys by 9:30 AM, but our team will remain available on site until **15:00**. There will be space available for participants to leave luggage while they explore New York, for one last time, should they wish.

I'm not leaving until the next day.

Can I stay an extra night?

We are unable to accept late check-outs; however, there are a number of hotels and other accommodation providers in New York. We recommend booking additional accommodation well in advance of the programmes, as New York can become very busy during the summer months.

Guests under the age of 18 must be accompanied by an adult if they wish to stay in a hotel.

DEPARTING BY PLANE

What you need to know:

We offer a shared airport transfer service to New York JFK Airport:

This is a chaperoned service departing from your Immerse programme and travelling directly to JFK Airport. The transfers depart at **07:00** and **12:00** on the final Saturday of the programme.

Due to the number of participants using the shared airport transfer service, we are unable to escort all individuals to check in. However, our staff will do their best to assist those who require help with checking in. In case of emergency, a member of our team will remain available until all scheduled flights have departed.

Please note that we are unable to accept parents, guardians or other adults onto the transfers. Parents/guardians are responsible for ensuring that the appropriate transfer time is booked.

Private Airport Transfers

If you are departing from JFK and prefer to organise a transfer service perfectly aligned with your flight times, a private transfer can be booked through our private transfer service.

Please email:

student.services@immerse.education with your request (arrival time, airport, and contact details) for a personalised quote.

Recommended Transfer Providers:

- [Kid Car](#)

Unaccompanied Minor Service

The specific requirements of your chosen airline should be confirmed in advance. For example, if you need a named individual to help escort you to check-in, please contact us to arrange this.

Can parents attend the celebration events on Friday?

Parents and families are welcome to attend the graduation ceremony on the final Friday of the programme. This typically takes place in between **16:30** and **18:00**.

A graduation attendance form will be sent to parents once participants check into their assigned college, and places will be allocated on a first-come, first-served basis.

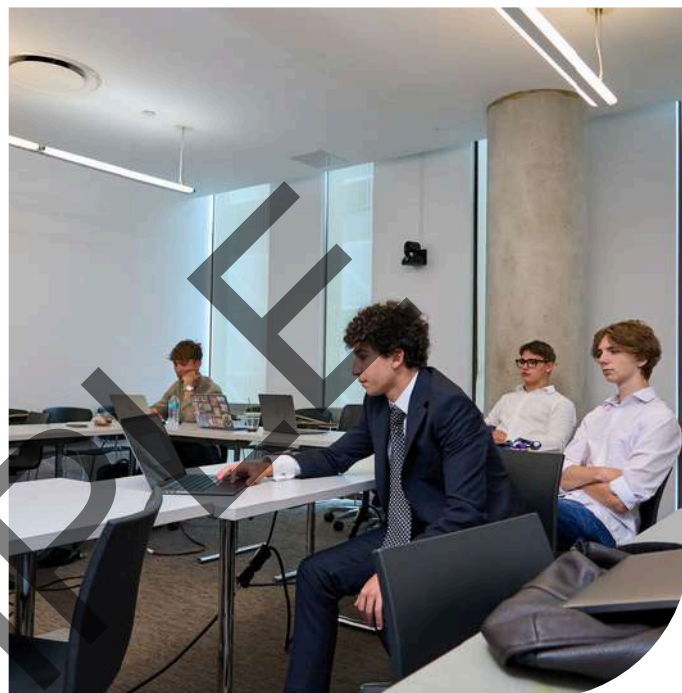

Unfortunately, we are not able to accommodate parents at the graduation dinner.

I have another question, which isn't answered here, where do I find the answer?

If you have any further questions regarding arrivals to the summer programmes, please do not hesitate to contact us at:

student.services@immerse.education

Visa and Suggested Packing

VISAS

International participants may require a visa in order to attend summer programmes in the USA.

You can check your visa requirements here:

<https://travel.state.gov/content/travel/en/us-visas.html>

Immerse Education can provide enrolled participants with a Confirmation of Enrolment Letter to support visa applications where required.

If you need this document, please complete the relevant request form, and we will send the confirmation via email.

Please ensure you apply for your visa in good time before the start of your programme, as Immerse Education cannot be held responsible for any non-attendance resulting from visa processing delays or refusals.

Checklist

We recommend bringing essential items for your time in New York. Laundry facilities with detergent are available on-site, and bedding is provided at the college. Our accommodation in Upper West Manhattan is ideally located near amenities, with plenty of shops nearby for toiletries, clothing, or electrical items if needed.

☐ 1. CASUAL CLOTHES

We recommend casual clothes for day-to-day wear. There is no dress code for academic sessions. We recommend layers and something waterproof as temperatures can vary from 18 degrees celsius with rain, to 35 degrees celsius with perfect sunshine.

☐ 2. SPORTSWEAR

We recommend trainers and sportswear for some activities.

☐ 3. SMARTER CLOTHES

For formal dinners and graduation. Please see photos for examples. Suits and formal dresses are not required.

☐ 4. MOBILE PHONE

We stay in contact with participants via a communication app during the programme. US SIM cards and mobile phones can be purchased in New York if necessary.

☐ 5. LAPTOP/TABLET

A laptop is required for every subject, as this will be needed to complete your personal project and most of the teaching materials will be shared digitally.

☐ 6. CHARGERS AND ADAPTERS

Check this guide if you're not sure what you need.

☐ 7. MONEY

We recommend participants bring \$20–40 per day to cover lunch and any souvenirs. Banks and ATMs are widely available, and credit/debit cards are commonly accepted. Keep in mind that New York is becoming more cashless, and some places may not accept cash.

☐ 8. A TOWEL

Towels are typically provided in your room but we recommend bringing a spare just in case.

☐ 9. A HAIRDRYER

There are no hairdryers in the rooms.

☐ 10. TOILETRIES (INC. SUNCREAM)

If you have space, we recommend bringing your own toiletries, otherwise you can purchase these in New York.

☐ 11. STATIONERY

A notebook, pens, highlighters, a ruler and if needed for your subject, a calculator.

☐ 12. PASSPORT

Please check your expiration date is more than 6 months away after your scheduled departure from Immerse.

☐ 13. VISA

You can check your visa requirements here. We are accredited by the BAC and therefore Immerse can provide a letter of support for your visa application if needed.

About the Campus

During your time with Immerse, you will be living and studying at Barnard College, Columbia University, and its surrounding buildings. The college has its own personality and history as well as an impressive list of accomplished and important alumni.

Barnard College: 3009 Broadway, New York, NY 10027, USA

Barnard College

FACILITIES

At Barnard College you will be accommodated in a single or twin room, which is allocated at random by the university. This is suite style accommodation, meaning there are 6 bedrooms that make up a suite, occupiers of these rooms share a bathroom, common area and kitchen.

Suites are segregated by gender. There are no ensuite rooms available at this campus.

HISTORY

Barnard College was founded in 1889 as a response to Columbia University's refusal to admit women.

Today, it's part of Columbia University and is celebrated for its rigorous liberal arts education.

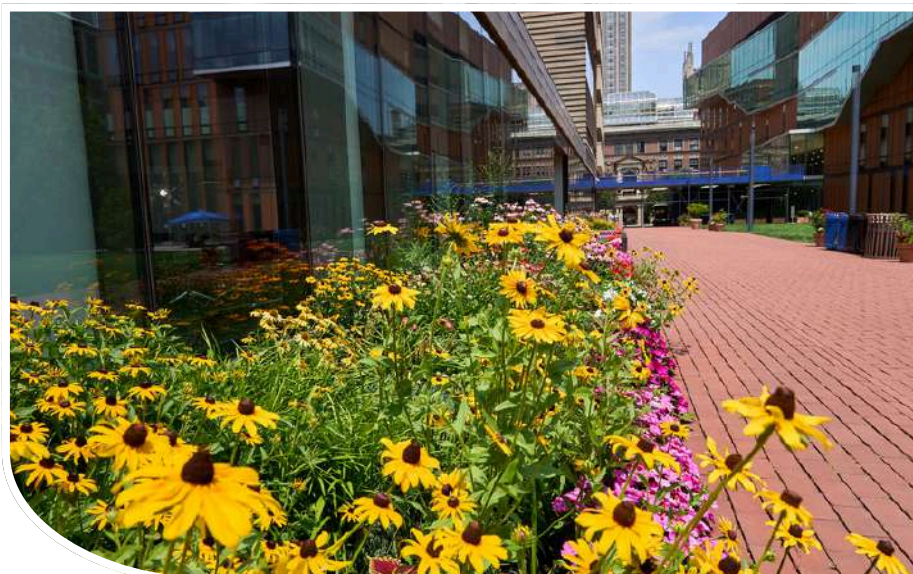

TRIVIA

Barnard's mascot, Millie the Dancing Bear, is named after writer and fellow alumna, Millicent McIntosh, who was Barnard's president from 1947 to 1962. Millie has been cheering on students at events since 2005!

NOTABLE ALUMNI

Notable Barnard graduates include author Zora Neale Hurston, former US Congresswoman Shirley Chisholm, and actress Maggie Gyllenhaal.

Project Sessions

If your tutor has required any preparatory tasks such as questions or reading, we will be in touch in advance of your programme to provide information about this. This work should be completed before you arrive at Immerse. In order to get the most out of your time, we highly recommend thoroughly reading these materials.

Note that not all tutors require preparatory materials. On Sunday, your mentor will give you a tour of the classrooms so you know where your project sessions will be taking place. The first session begins at **09:30** on the first Monday of the programme.

Project-based sessions last a full day and will be on Mondays, Wednesdays, and Fridays. Each tutor structures the sessions slightly differently and may include lectures, debates, and practical elements in their lessons. On Tuesdays and Thursdays, you will usually join industry leaders for full-day visits both on and off-site.

Please ensure you have read the Participant **Code of Conduct** in advance of the sessions.

Our main piece of advice is to ask lots of questions, get involved and enjoy the opportunity to learn in a new environment!

Safeguarding & Pastoral Care

At Immerse Education, we take safeguarding incredibly seriously. Our Programmes have been designed to keep our safeguarding policies at the centre of what we do. As members of The British Accreditation Council and The Association for the Education & Guardianship of International Students, we are held to the highest standards of educational safeguarding and quality for the sector – strictly adhering to the National Standard in looking after children in residential settings.

Our recruitment and selection process ensures all Immerse Staff complete an enhanced background check, as required in the USA. Furthermore, we undertake comprehensive situational welfare and safeguarding training to further ensure the safety of our participants.

From the outset of our programme, our Pastoral Team is available to welcome you as you arrive at the airport or directly to our residential locations.

Similarly, at each programme location, there will also be staff, including a College Manager, available to welcome participants into each centre.

Safeguarding & Pastoral Care

The Immerse Emergency Phone is overseen by our Head Office team and available 24 hours a day from the beginning of our Programmes, should you need our help in an emergency.

Our accommodation halls restrict available entrances and exits to a single central entrance that passes reception. This entrance is monitored by CCTV and is always manned.

Within each site, our Residential Teams meet regularly to discuss participant welfare and wellbeing throughout the programme.

Immerse also conducts individual Risk Assessments, to ensure Participants' safety during their stay with us.

We take registers to monitor attendance each morning, before meals, lessons, and activities, and during the 10 pm curfew to ensure we have a clear notion of who is on-site.

Lastly, our Pastoral Team is available throughout the programmes to support our participants' individual needs and requirements. They are our safeguarding experts who are always happy to help.

Meet Our Team

Denny, College Manager

Poppy, Mentor

College Managers

Our College Managers are seasoned educational professionals who have a wealth of experience supporting student wellbeing.

Each College Manager is trained to Level 2 Safeguarding standards and undergoes comprehensive situational and developmental training each summer.

Mentors

Our Mentors offer support to participants and share their own advice and experiences. All of our Mentors are past or current University students.

Our Mentors are background-checked and receive extensive first aid and mental health training to support their College Manager in providing an unforgettable experience for every participant.

Ahead of the summer, our participants are grouped into a "Mentor Family" – a group of 10 students who are led by a Mentor, who also lives on-site. Our Mentor Families provide participants with a support network and social group throughout the programme.

Meet Our Team

Tumi, Area Manager

Lesego, Tutor

Area Managers

Our Area Managers provide an important link between our Head Office team in London and our staff operating in each programme location.

The Area Managers operate a hands-on role to support our College Managers and provide assistance in dealing with welfare and wellbeing situations, escalating them to appropriate channels, where necessary.

Our Area Managers are trained to a minimum of Level 3 Safeguarding standards.

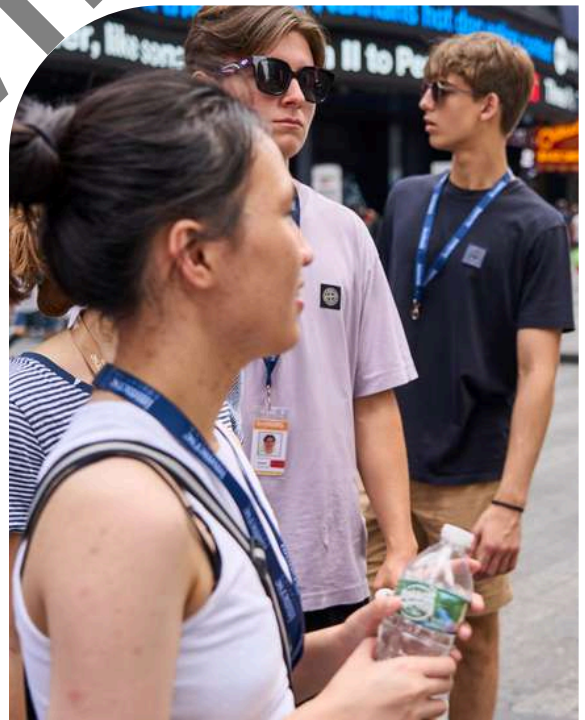

Tutors

Every year, we are proud to welcome expert tutors and leading academics to our programmes.

Depending on the programme they will be teaching, tutors are either Ph.D. candidates, hold a Doctorate degree, or have industry experience in the relevant subject or industry.

We assess all our tutors in their ability to teach effectively and only work with those committed to long-term teaching.

All academic candidates undergo a rigorous recruitment and screening process, as well as a criminal record check before they start teaching with us.

Activities

Throughout your time with Immerse, you will have the opportunity to take part in a variety of social and cultural activities as well as full day excursions. It's a great opportunity to explore new challenges and meet new friends from all over the world. Below are just some of the activities that you may take part in during the programme.

ACTIVITIES MAY INCLUDE

Guest lectures

These are delivered by inspiring individuals from a range of backgrounds. Previous guest speakers have included Olympians, conservationists, philosophers, psychologists, activists, and academics.

Day Excursion to Brooklyn & Dumbo

Explore Brooklyn and DUMBO in New York for a diverse urban experience. Discover trendy boutiques, art galleries, scenic parks, and iconic views of Manhattan. Our local Mentors will guide participants through the historic cobbled streets.

Talent Evening

Performing in the talent show is encouraged but optional. We have been amazed at the array of talent that our participants bring to the programme every year!

Quiz Night

If your brain isn't already full from your academic sessions, the quiz is a fun opportunity to test your general knowledge with some friendly competition.

Movie Night

A chance to unwind, movie night is a relaxed evening of popcorn with new friends.

Museum Visits

Enjoy an evening of bowling with your friends. Whether you get strike after strike or just strike out, we've got you covered!

Broadway Show

Watching a Broadway show in New York is a magical experience. Enjoy world-class performances in iconic theatres, immerse in captivating stories, and feel the electric energy of the city's theatre district.

Local Tours and Excursions

Take part in a variety of local tours and excursions, offering the chance to explore the area's highlights, enjoy regional specialties, and experience the unique culture and atmosphere of your surroundings.

Statue of Liberty Boat Ride

A Statue of Liberty boat ride is an iconic journey. Cruise the waters, enjoy the scenic views of Lady Liberty, and absorb the history and symbolism of this monumental landmark.

Open Top Bus Tour

Embark on an exhilarating open bus tour across New York City. Marvel at iconic landmarks, enjoy informative guides, and soak in the dynamic cityscape while exploring its vibrant neighbourhoods.

Graduation Dinner

You will have the opportunity to enjoy a celebratory dinner at an acclaimed local restaurant. This special occasion is a chance to dress up and reflect on your achievements during your time at Immerse.

Payment and Key Contact

MAKING PAYMENT

As an enrolled participant, you have already paid the deposit or the full amount, securing your place on your chosen programme.

If you have paid only the deposit, the accounts team will be in touch with your parent or guardian to issue an invoice for the remaining balance, which can be paid by bank transfer, credit, or debit card online.

Once the full balance has been received, our Accounts Team will issue a receipt to your parent or guardian confirming this.

Should you have any questions, please do not hesitate to get in touch with student.services@immerse.education

KEY CONTACTS

For general enquiries about your summer programme and for non-urgent matters, please email:

student.services@immerse.education

In advance of your arrival, you will be sent a list of contact information, including the College Manager's mobile number.

EMERGENCIES

If you need to contact us with an urgent matter, a member of Immerse Education staff is available at all times for the duration of the programme.

The emergency telephone number will be shared ahead of your arrival.

WELCOME

Immerse Education

This year we are excited to welcome you to an unparalleled educational experience hosted within university colleges in the city of Oxford – one of the world's greatest seats of learning. During the course of the fortnight, you will be challenged academically by a programme that will enhance your understanding of a wide variety of topics and invigorate your passion for your chosen subject.

Our aim is also to boost your personal development so a diverse range of extracurricular activities have been organised that focus upon developing transferable skills that are vital for success. In a new environment, surrounded by new friends, I hope that you will seize this opportunity to adapt to change, and use this unique experience to understand, question, and challenge topics within your chosen programme – all whilst gaining a unique and exhilarating experience of Oxford. I trust that the following pages provide you with a sense of the adventure to come and I wish you all the best for your forthcoming journey!

PETER GRIEVE
DIRECTOR

ABOUT

Oriel College

Oriel College, founded in 1326, is one of the oldest colleges at the University of Oxford. Located in the heart of the city, it is known for its strong academic reputation, particularly in the humanities. The college has a small and close-knit student body, fostering a welcoming and vibrant community. Oriel has a rich history, from its medieval origins and early focus on Theology, Law, and Medicine to its significant role in academic reform and religious movements, such as the Oxford Movement in the 19th century. It has produced notable alumni, including Sir Thomas More, Sir Walter Raleigh, and John Henry Newman.

Today, Oriel continues to flourish, fostering academic excellence and innovation while preparing to celebrate its 700th anniversary in 2026. Its rich legacy in academia, national affairs, and sports remains a source of pride and inspiration for future generations.

Overview

Upon arrival at the college, you will be greeted by a member of the team and guided to the registration area. You will then be provided with an identification card and lanyard, a welcome pack, and keys to your accommodation (if they are available at your time of arrival).

After registration and once you've settled into your accommodation, please feel free to make your way to the registration area which will serve as our headquarters for the first day.

At approximately 18:00, we invite all participants to join us in the dining hall for dinner and an opportunity to meet your Mentor Family. Comprising fellow participants and an Immerse staff member, your Mentor Family will serve as your support system during your stay. After your first dinner, a Welcome Talk will be held. We ask that all Participants that have arrived by this time attend as you'll be informed about important procedures and guidelines for the programme. Following the Welcome Talk, there will be a series of fun, light-hearted activities to help participants get to know each other and their Mentors.

Your arrival day is a gentle introduction to Immerse and a great opportunity for you to meet our staff and your fellow Participants. We offer rolling tours of the college between 14:00 and 17:00, departing regularly from the registration area. Guardians and families are welcome to attend these tours and explore the university halls!

Note: Depending on the weather or unforeseen circumstances some of the activities are subject to change. For participants arriving late, a member of the team will explain the material covered during the Welcome Talk. Should you get lost or require directions at any point, please return to the registration desk where there will be a member of staff on hand to assist you. We look forward to welcoming you this summer!

Please note that events marked with * are not included in the non-residential offering.

Departures

Time for participants to say goodbye and depart from the programme.

It's Leaving Day

We're going to miss you, but there are a few important things to take note of. Participants are required to vacate their rooms and return their keys by 10:00 AM – please return them to your Mentor. For those booked on a shared airport transfer service, please ensure that you are ready with your luggage in time for the designated departure.

If you are planning to stay in the city for a little longer, feel free to ask the team for advice regarding places to visit and explore within the city. The mentor team will be on hand throughout the day to wait with you if your departure time is after 10:00 AM. All Participants must leave the college by 3:00 PM.

There are several important procedures for the programme that you should ensure that you observe and take note of. The following page covers meal times, procedures for academic sessions, excursions, free time, and your accommodation.

Meal Times

Breakfast is served every day in the Dining Hall between the hours of 7:30 AM – 9:00 AM.

Breakfast is served as a buffet style, with both continental breakfast options as well as hot breakfast items to choose from. Please ensure that you eat breakfast in plenty of time to ensure that you are not late for any tutorial arrangements.

Lunch & Dinner is served in the Dining Hall, except where otherwise stated on the schedule, and service typically starts at 12:00 and 6:00 PM respectively.

Procedures

Procedures for Academic Sessions

Academic sessions will commence on the first full day of the programme. Academic sessions are held in groups to facilitate discussion and engagement, and to emulate the authentic tutorial experience. These take place in allocated classrooms, which you will be informed of in the Welcome Talk. Please ensure that you arrive at each academic session in a timely manner and that within each class you concentrate and show respect to the Tutor.

Any disrespectful or inappropriate behaviour will not be tolerated. Writing materials have been provided and you are encouraged to take notes in each Tutorial as well as engage in discussion, interrogate the topic area, and question any material that you might not understand. The use of laptops is permitted unless otherwise stated by your subject tutor. Mobile phones should be in 'silent' mode and should not be used during academic sessions.

ACTIVITIES AND EXCURSION

All Participants are expected to participate in the activities and excursions that have been arranged for you. If you would not like to participate in an excursion for any reason, a member of staff must be notified in advance in order to ensure that suitable alternative arrangements are made.

LANYARDS

Your lanyard should be worn at all times throughout the programme. Not only are they a great way to identify other Participants, but they also contain important emergency information should you ever need to contact the Immerse team.

FREE TIME

During your allocated free time, should you wish to undertake any excursions or activities in small groups, please ensure that you behave appropriately and safely at all times. In the evening, all participants are required to return to the campus by 8:00 PM, after which time, access will be locked until the following morning.

Procedures

YOUR ACCOMMODATION

You are responsible for maintaining your room in a suitable order. Please note that most rooms have bathroom facilities that are shared between rooms. Internet facilities are available in each bedroom for your personal use and Participants are expected to use the Internet facility in line with the guidance provided by the university.

In addition, you should ensure that you take great care of your keys as you will incur a fine from the university should you lose a set. The staff who tidy your room will change sheets weekly. For your own personal clothes washing, you are welcome to use the machines in the laundry rooms around the campus.

Although we are outside official term time, many of the more senior students are still in residence. We would be grateful if you would help us to keep the noise level down as much as possible to ensure other residents are not disturbed.

ISSUES

If you ever have any issues or problems during the Immerse programme, please don't hesitate to report these to the on-site College Manager. If you would like to formalise your issue or complaint, please email student.services@immerse.education

COVID-19 & SAFETY

The COVID-19 situation is ever-changing, and the UK government will regularly update its public guidance and advice. If any circumstances change, you will receive a briefing on the current rules and policies – and these may change during your Programme.

MENTORS & PASTORAL CARE

Participants are each allocated a Mentor, who is a current or past student at the University. Friendly and approachable, all of our Mentors are here to ensure that you're having a fantastic time. You will join a group of other students in a "Mentor Family", and you will have to register with your Mentor at the beginning of each day.

CURFEW

Participants must return to their rooms by 10:00 PM each evening, after which the Mentor team will conduct a curfew.

Code of Conduct

COURSE RULES

We expect and hope that all Participants participating in Immerse will have an unforgettable experience and will make every effort to show respect at all times to fellow Participants and members of the Immerse staff.

The rules outlined are designed to ensure that all the Participants and team at Immerse are able to safely enjoy the programme free from any unpleasant, intimidating, or aggressive behaviour. However, any Participant who consistently breaks the Immerse rules or breaks the law will face instant dismissal from the Programme and will return home at their own expense.

- Participants are expected to attend all meals, classes, and arranged activities and excursions, unless Immerse is notified in advance with good reason.
- All damage to property, equipment, and rooms will be charged to the Participant.
- Gratuitous or willful damage to the university's property, public property or other students' property may result in dismissal from the course.
- Consumption or possession of alcohol by Participants of any age is strictly not permitted and will result in instant dismissal from the course.

- Drug-taking or possession of drugs will result in instant dismissal from the course.
- Racist or intimidating behaviour towards another Participant or member of staff will result in dismissal from the Programme.
- Any Participant who fails to return to campus before [TIME], unless permission has been granted by a member of staff, will face instant reprimand.
- Personal mobile phones must be turned off or in 'silent' mode during all academic sessions and scheduled activities but should be used to communicate with the Immerse Mentor team.

Communication App

Communication App

Close to your arrival, you will be given access to a communication app where you will be able to interact with your Mentor Family and receive news and updates from your Mentor and College Manager. This will be regularly used throughout your time on the programme in order to share important information. Remember to always be friendly and polite to your fellow Participants and the residential staff!

Environmental Sustainability

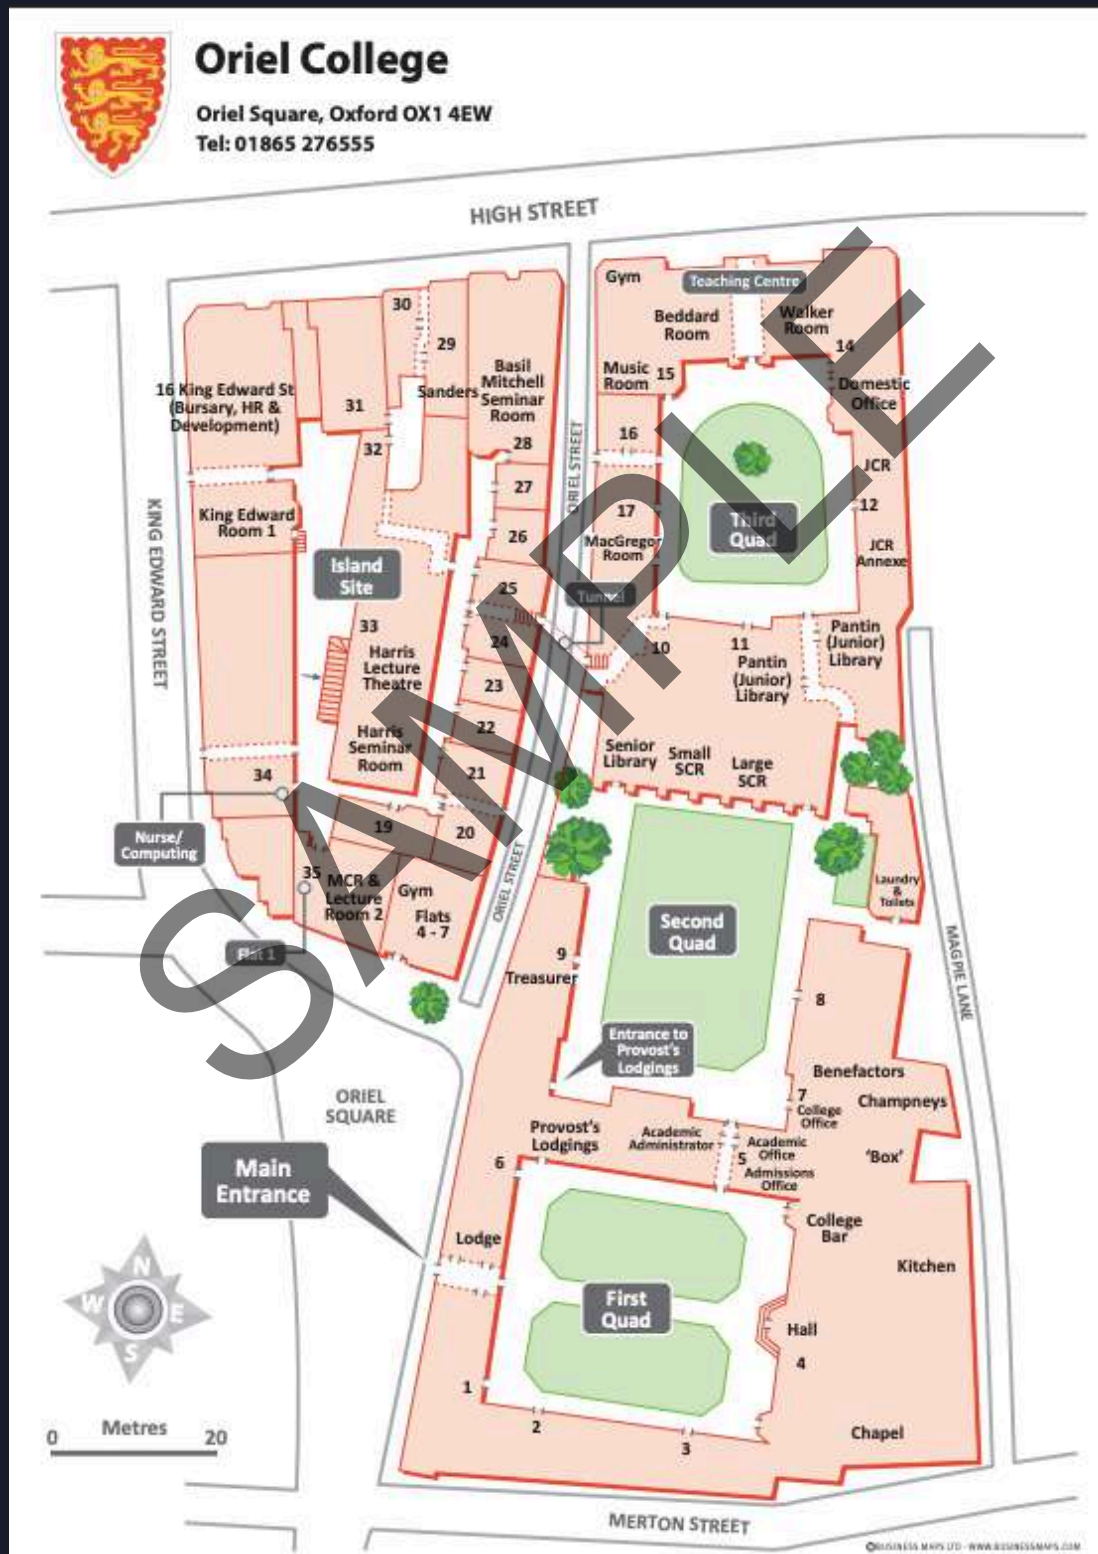

Immerse Education continues to work towards its aim of reducing our environmental impact, and we have done so by introducing new techniques to improve our own sustainability. Some of the things we have already introduced are:

- Reducing by 75% the amount of paper printing by using digital media
- As far as possible, use of recycled paper or paper sourced from sustainable forests, printing of emails and other electronic information only when absolutely necessary
- Recycling of all ink cartridges and toners
- Providing reusable water bottles for all participants

We aim to continually monitor and review our procedures in line with the above to ensure we are making every effort we can to keep our carbon footprint to a minimum. We are always happy to consider recommended changes, where appropriate if it is thought this will further improve the position in relation to our environmental impact.

Please look after your beautiful city during your time on the programme.

Film & Animation Syllabus

Career Insights
Tokyo

Course Overview

This course is designed to give you a practical, behind-the-scenes look at how films, videos, and animation projects come together. We will walk through the entire creative process from building ideas and planning shoots to lighting, directing, filming, editing, and even landing real-world clients.

You will gain hands-on experience in directing, cinematography, storyboarding, shot listing, sound, editing, and animation, while also learning how to manage projects like a producer and build a creative career.

The goal is to help you understand how each part of production connects, while giving you the tools to start creating your own work with confidence.

Your Tutor

Videography has been Naotomo's passion for over 20 years. Starting from the ground up, he has filmed in more than 60 countries. He has filmed for clients such as CNN, BBC, Google, VICE, and many others. From capturing deep-sea sharks for Discovery to shooting sweeping drone landscapes, he brings focus, creativity, and dedication to every project. His global experience, sharp eye for detail, and commitment to storytelling make him a natural and inspiring teacher.

TOPIC 1:

Directing & Producing: Turning Ideas into Action

We begin by looking at the two roles that guide the entire production: the director and the producer. You will learn how directors shape a story's vision and how producers make sure everything runs smoothly behind the scenes. Through real-world examples and planning exercises, we will explore how to break down a script, cast talent, manage a crew, and bring a project from concept to shoot.

Key Terms:

- Director
- Producer
- Script
- Talent
- Crew

TOPIC 2:

Cinematography & Lighting: Telling Stories Visually

In this topic, we will dive into camera work and lighting. You will learn how cinematographers use lenses, movement, and framing to shape emotion and tone. We will also cover how different lighting setups can drastically change the look and feel of a scene. Expect to get hands-on experience working with lights and cameras to shoot short scenes in small groups.

Key Terms:

- Cinematography
- Cinematographer / Director of Photography
- Angles
- Composition

TOPIC 3:

Storyboarding & Shot Lists: Planning the Visual Flow

Before the camera rolls, a lot of thinking goes into how each shot will be captured. You will learn how to storyboard your ideas and create shot lists that guide the production process. We will look at how filmmakers plan their visual approach, think through transitions, and communicate their ideas clearly to their team.

Key Terms:

- Storyboard
- Framing
- Shot lists
- Transitions

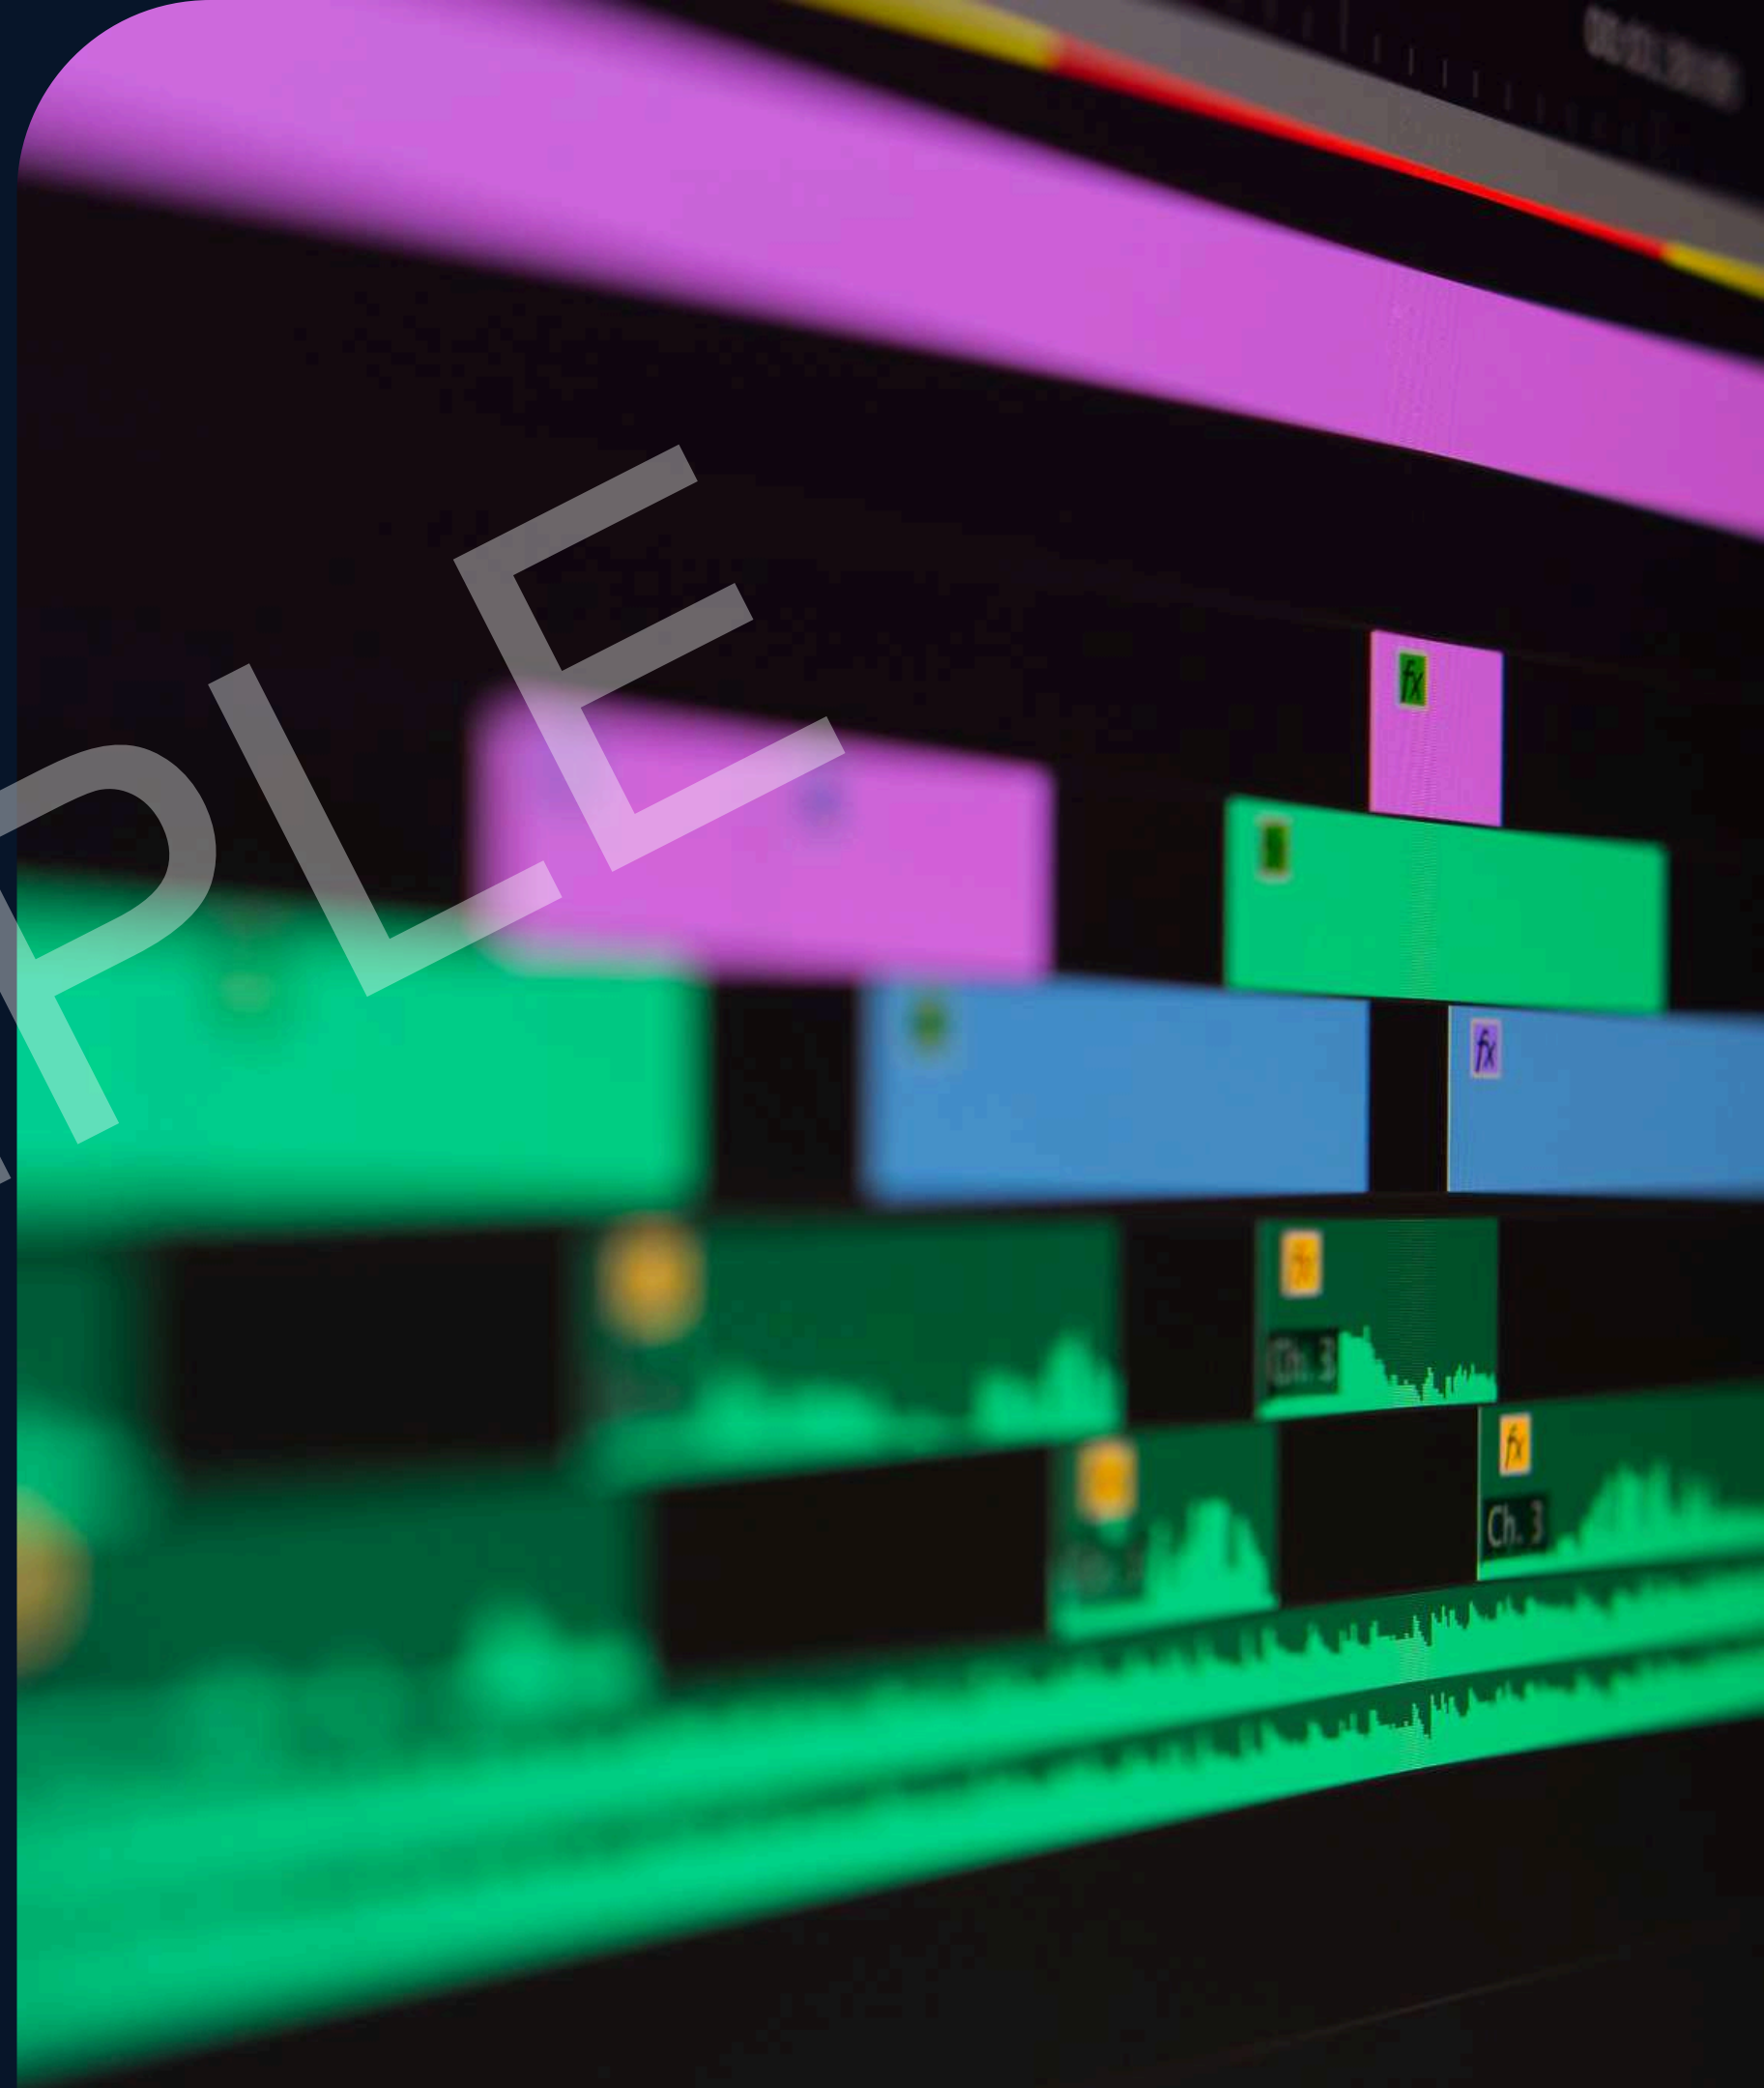

TOPIC 4:

Editing & Sound: Shaping the Final Product

Once the footage is shot, the real storytelling begins in the edit. We will cover the basics of editing techniques, pacing, rhythm, and how sound design can transform a scene. You will practice editing clips and adding audio elements to see how choices in post-production affect the final impact.

Key Terms:

- Editing
- Pacing
- Sequencing
- Cuts
- Audio
- Diagetic and non-diagetic sound

TOPIC 5:

Animation Fundamentals: Bringing Motion to Life

In this session, you will learn the basics of animation, with a focus on stop motion. We will cover how to create movement by capturing one frame at a time using real materials. You will also explore Japanese animation and what makes its style and storytelling so unique. There will be drawing exercises where you can create your own characters and learn how to animate them. I will also introduce some of the same tools and apps that professional animators use, so you can try them out for yourself.

Key Terms:

- Stop-motion
- Frame rate
- Keyframes

EXPERT WORKSHOP:

Getting Clients & Building a Career

This final workshop focuses on the real-world business skills every creative needs to thrive. Drawing from my own career experiences, I will walk participants through how to approach clients, present their work professionally, and build a strong, consistent portfolio. We will explore what producers and companies look for when hiring, and discuss strategies for standing out in a competitive industry. Participants will also learn how to quote for projects, handle contracts with confidence, and promote their services effectively. Practical exercises will include drafting a professional introduction email, reviewing sample portfolios, and role-playing client conversations, all designed to build the key communication and self-promotion skills used daily in the field.

Key Terms:

- Portfolio
- Clients

Creative Project

Throughout the course, you will develop a short project from an initial idea to a finished piece or detailed concept. This can be a short film, a commercial, or an animated sequence. You will present your project at the end of the course, explaining your creative choices and what you learned in the process.

SKILLS DEVELOPED ON THIS COURSE

- Directing and creative leadership
- Camera and lighting techniques
- Visual planning (storyboarding and shot listing)
- Editing and sound design
- Intro to animation
- Communication with clients and teams
- Pitching and presenting work
- Freelance basics and self-promotion
