

300 SERIES

Elixir series 300 vinyl steel manufactured home doors are a step above the series 200. The series 300 doors are constructed from vinyl laminated galvanized steel. The series 300 door is more resistant to dents and scratches due to the steel being over 90% thicker than the steel on the 200 series door. Series 300 doors are equipped with an aluminum frame ensuring stability as well as safety and security. We offer 3-panel, 4-panel and 6-panel in white with various door lite options to choose from. Contact your local Elixir Division for more information.
