

SAFETY DATA SHEET

This SDS is provided by Wild Hog Products to give information to aid with material handling of the products listed, which are not classified as hazardous or dangerous goods under OSHA or GHS.

Section 1: Identification

Product Name: Galvanized Steel Fence Post
Trade Names/Synonyms: Wild Post, Wild Hog Fence Post
Product Use: Fence Post
Company: Wild Hog Products, PO Box 1396, Healdsburg, California 95448 USA
info@wildhogproducts.com
+1-888-246-4463

In emergency call 911.

Section 2: Hazard(s) Identification

Classification in accordance with WAC 296-901-14008:

Physical and chemical hazards: Not Classified

Human health: Not Classified

Environment: Not Classified

California Proposition 65 Warning: Warning: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Label elements in accordance with WAC 296-901-14012: No pictogram required

Hazard Statements: Based on available information, this product is not classified as hazardous

Potential Health Effects

Skin Contact: Gloves are recommended. Available data indicates this product is not harmful and presents no hazards in normal use. In addition, the product is unlikely to cause any discomfort in normal use.

Eye Contact: Eye protection is recommended. Exposure to particulates or oxidation dust may cause discomfort but is unlikely to cause anything other than mild discomfort.

Ingestion: Significant oral exposure is considered unlikely, but product has low toxicity.

Inhalation: Mask or respiratory device is recommended. Significant respiratory exposure of the solid form product is considered unlikely, but product has low toxicity.

Section 3: Composition/ Information on Ingredients

| Chemical Name | Synonym | CAS# | Conc. |
|---------------|---------|-----------|-------|
| Iron | Fe | 7439-89-6 | >99% |
| Carbon | C | 7444-44-0 | <1% |
| Manganese | Mn | 7439-96-5 | <1% |

Section 4: First-Aid Measures

After skin contact: Irritation is unlikely, however if irritation does occur, flush with lukewarm water and wash with soap. If irritation persists, obtain medical attention.

After eye contact: Remove any contact lenses. Rinse immediately with lukewarm, gently flowing water while holding eyelid(s) open. If irritation persists, obtain medical attention.

After inhalation: First aid is generally not required. If inhaled, remove patient to fresh air. If discomfort continues, obtain medical attention.

After swallowing: Rinse mouth thoroughly with water. If discomfort continues, obtain medical attention.

Section 5: Fire-Fighting Measures

Suitable extinguishing agents: This product is not flammable. Use fire extinguishing media appropriate for surrounding materials.

Special protective equipment for firefighters: Product is non-combustible and requires no specific equipment. If product exposed to heat or flames allow to cool before handling.

Section 6: Accidental Release Measures

Personal precautions: Wear personal protective equipment when working with this product, to include gloves, eye protection and mask.

Measures for environmental protection: The product should not be dumped in nature but collected and delivered according to local recycling regulations.

Measures for cleaning/collecting: No special equipment is required.

Section 7: Handling and Storage

Handling and Storage: Utilize PPE to include gloves, eye protection and mask. Store inside in cool, dry, well-ventilated area. Avoid moisture. Rotate stock in storage to use oldest first.

Section 8: Exposure Controls/Personal Protection

| Chemical Name | OSHA PEL | OSHA PEL (ceiling) | ACGIH OEL (TWA) | ACGIH OEL (STEL) |
|---------------|----------|--------------------|-----------------|------------------|
| N/A | | | | |
| | | | | |

General protective and hygienic measures: Personal protective equipment (PPE) is recommended.

Breathing equipment: Wear a dust mask or NIOSH/MSHA approved respiratory protection.

Protection of hands: Wear Gloves.

Eye protection: Wear safety glasses or dust resistant safety goggles.

Section 9: Physical and Chemical Properties

Form: Solid, grey in color
Odor: Odorless
Melting point/melting range: 2500F
Boiling point/boiling range: 4900F
Flash point: Noncombustible
Evaporation rate: N/A
Flammability: Inflammable
Danger of explosion: None
Solubility in/Miscibility with water: Insoluble

Section 10: Stability and Reactivity

Reactivity: This product has no reactivity hazards associated with it.
Chemical stability: This product is chemically stable.
Conditions to avoid: High moisture levels, salt water.
Incompatible materials: Avoid direct contact with raw aluminum.
Hazardous decomposition products: None

Section 11: Toxicological Information

Potential routes of exposure/potential health effects

Skin: May cause skin irritation.
Eye: May cause eye irritation.
Inhalation: May cause irritation to respiratory tract.
Ingestion: No adverse health effects expected.
Carcinogenic effects: Non-hazardous.

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: Not classified as hazardous

Section 13: Disposal Considerations (non-mandatory)

Recycle in accordance with local regulations. Steel is recyclable.

Section 14: Transport Information (non-mandatory)

DOT regulations: This material is not a regulated hazardous material for transportation

- **Hazard class:** Non-hazardous. No placard required.

Section 15: Regulatory Information (non-mandatory)

US Federal Regulations

SARA Section 355 (extremely hazardous substances): Not Applicable
SARA Section 313 (specific toxic chemical listings): Not Applicable
Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): Not Applicable
TSCA (Toxic Substances Control Act): Not Applicable

Section 16: Other Information

SDS date of preparation/update: July 27, 2022
