

Section 1 - Product and Company Identification

Product Name: **HERITAGE** Primed Trim Boards.

Product Use: Primed Trim Boards, Radiata pine timber products.

Manufacturer: **Blocks and Cutstock S.A.**
Camino a Coronel 6058, San Pedro de la Paz, CHILE.

Telephone Number: 56-41-2390084

Emergency phone
number in Chile: 56-41-2390084

E-mail contact: secretariagerencia@bycsa.cl

Section 2 - Composition and Information on Ingredients

Chemical name Not applicable.

Chemical formula Not applicable.

Hazardous ingredients:

	Percent	CAS #
Wood	>98%	Not Assigned
Primer	<2%	

Product risk classification :

Health = 1; Flammability = 0;

Reactivity = 0

Section 3 - Hazards Identification

Health hazard of people

Inhalation: Wood dust and solvent vapors may cause irritation to nose, throat and lungs resulting in breathing difficulty.

Eye Contact: Saw dust may irritate the eyes.

Skin Contact: Saw dust may cause mild dermatitis or skin sensitivity.

Ingestion: Unlikely to occur, however if swallowed abdominal discomfort and vomiting may occur.

Section 4 - First Aid Measures

Inhalation:

Remove victim to fresh air. If breathing labored, ensure airways are clear and have a qualified person give oxygen through a facemask. Seek medical advice.

Eye Contact:

Irrigate with flowing water for 15 minutes. Seek medical assistance if effects persist.

Skin Contact:

Wash contaminated skin and cloth with plenty of soap and water.

Ingestion:

If conscious, give plenty of water to drink. Do NOT induce vomiting. Seek medical assistance. If vomiting occurs, place victim face downward, with the head turned to the side and lower than the hips to prevent vomit entering the lungs.

Advice to Doctor:

Treat symptomatically.

Section 5 - Fire Fighting Measures

Flash Point: NA

Flammable Limits: LFL = NA
UFL = NA
Flammability is the same as for other untreated wood products.

Extinguishing Media: Water, carbon dioxide, sand.

Special Firefighting Procedures: None.

Section 6 - Accidental Release Measures

Spill or Leak Procedures: Not Applicable.

Waste Disposal: See Section 13.

Section 7 - Handling and Storage

Precautions to be taken in Handling and Storage:

When storing product, the material should be kept off the ground. Store in a cool, dry place and away from heat, flames, sparks and other sources of ignition.

Section 8 - Exposure Controls and Personal Protection

Engineering Controls:

Use in an area with sufficient natural or mechanical ventilation.

Personal Protective Equipment:

Respiratory Protection:

A NIOSH/MSHA approved dust respiratory is recommended when allowable exposures may be exceeded, especially when sawing or cutting.

Material Safety Data Sheet

Primed Trim Boards

Protective Gloves:

Cloth, canvas, or leather gloves are recommended to minimize potential slivers or mechanical irritation from handling product.

Eye Protection:

Goggles or safety glasses are recommended when machining this product and in areas with high dust levels.

Personal Hygiene:

Wash hands thoroughly with soap and water after working with the product and before eating, drinking, using the bathroom and avoid direct hand to mouth contact with soiled hands.

Section 9 - Physical and Chemical Properties

Appearance: Products appear as standard primed solid wood.

Flash Point: N/A

Vapour Pressure: N/A

Flammability Limits: N/A

Temperature of ignition: over 400° F or (265° C) the same as dried timber

Solubility in Water: Not soluble

Other Properties – pH: Not applicable

Section 10 - Stability and Reactivity

Stability: Stable

Conditions to Avoid:

Avoid open flame. Product may ignite at temperatures exceeding 400°F (200°C).

Material Safety Data Sheet

Primed Trim Boards

Incompatibility: Avoid contact with oxidizing agents.

Hazardous Decomposition or By-Products:

Thermal decomposition can produce irritating and potentially toxic products.

Hazardous Polymerization: Will not occur.

Sensitivity to Mechanical Impact: NA

Sensitivity to Static Discharge: NA

Section 11 - Toxicological Information

Toxicity Data: Non-applicable.

Section 12 - Ecological Information

Instability: Stable under normal conditions.

Persistence/Degradability: NA

Effects on the environment: NA

Section 13 - Disposal Considerations

Disposal Guidance:

DO NOT BURN TREATED WOOD. Dispose of in accordance with local state and federal regulations. Under RCRA it is the responsibility of the user of the product to determine at the time of disposal, whether the product meets the RCRA criteria for hazardous waste. Check with your local or state regulators prior to disposal.

Section 14 - Transport Information

DOT Hazardous Material Classification:

This material is not regulated as a hazardous material by the DOT.

Blocks and Cutstock S.A.

Material Safety Data Sheet

Primed Trim Boards

Section 15 - Regulatory Information

OSHA (29 CFR 1910.1200):

This product is regulated under the Hazard Communication Standard.

RCRA (40 CFR 261):

DO NOT BURN TREATED WOOD, Do not use chips or sawdust as mulch. Dispose of in accordance with local, state and federal regulations.

Section 16 - Other Information

Blocks and Cutstock is not responsible if the product is not used in accordance with the recommendations delivered in this safety data sheet. The information contained in this Material Safety Data Sheet is based on the experience of occupational health and safety professionals and comes from sources believed to be accurate or otherwise technically correct. It is the user's responsibility to determine if the product is suitable for the proposed application(s) and to follow necessary safety precautions. The user has the responsibility to make sure this sheet is the most up-to-date issue.
