*A considered selection of natural stone veneer*

ORIGINAL STONE

# About Original Stone

---

Original Stone supplies premium natural stone veneer for architecturally considered homes across New Zealand. Each stone in our Irregular range is hand-selected for character, tonal depth and authentic texture — delivering the presence of traditional masonry with the installation efficiency of a modern veneer. From first consultation through to site delivery, we work closely with architects, designers and builders to match the right stone to each project.

LIMESTONE VENEER

# Vintage White

## *Pointed*

The classic Vintage White with traditional pointed mortar joints, offering a refined finish that highlights each stone's natural character. A timeless choice that pairs beautifully with both heritage restorations and contemporary new builds.

From \$830/m<sup>2</sup>

NATURAL STONE VENEER

## Irregular White

*Dry Stack*

A pure, bright white irregular stone that brings clarity and openness to any façade. Crisp tonality that pairs beautifully with contemporary architecture and light-filled interiors.

NATURAL STONE VENEER

## Irregular Cream

*Dry Stack*

Soft warm creams with subtle natural character. A gentle neutral that settles comfortably into both heritage and modern builds, bringing quiet warmth to façades and interior features.

TRAVERTINE VENEER

## Irregular Moca Light

*Dry Stack*

A light mocha palette with warm undertones — the richness of natural travertine in a softer, brighter register. Creates depth and texture without weight.

NATURAL STONE VENEER

## Irregular Akron

*Dry Stack*

A balanced grey-brown blend with organic tonal variation — equally at home against timber cladding, concrete or plaster. Subtle enough to recede, characterful enough to earn a second look.

NATURAL STONE VENEER

## Irregular Mid Grey

*Dry Stack*

A refined mid-grey selection with quiet tonal shifts across the range. Architectural, versatile, and a natural counterpoint to warm timber or dark joinery.

NATURAL STONE VENEER

## Irregular Waiheke

*Dry Stack*

Inspired by the rugged tonality of Waiheke Island — weathered greys, soft browns and warm earth tones in natural harmony. A stone with a distinctly New Zealand character.

NATURAL STONE VENEER

## Irregular Dark

*Dry Stack*

Deep charcoal-black stones with dramatic architectural presence. A confident choice for contemporary homes where the stonework should sit in conversation with the building, not behind it.
