FATHOM

$15 PER USER/MONTH

TEAM PLAN

Smarter meetings.
Shared clarity.
Real momentum.

Fathom Team Plan captures what matters in every meeting so teams stay aligned, leaders have visibility, and work keeps moving forward – without the extra effort.

Why teams **love Fathom**

38 MINUTES saved per meeting

Save time

Automate note-taking, summaries, and follow-ups so your team can focus on the conversation – not the admin

Boost productivity

Turn every meeting into a source of searchable insights that eliminate redundancy and fuel collaboration

Drive alignment

Ensure every leader and team has access to consistent, reliable information so decisions get made faster and with more confidence

Real ROI, **real fast**

For someone making $100K with two meetings a day, that's roughly **300 hours per year** saved, & over **$15k in time savings!**

A cost that typically pays for itself within a few days of use!

FATHOM

TEAM PLAN

What makes Fathom Team Plan different?

Seamless collaboration

- Instantly **share highlights, summaries, and action-items** across your favorite tools (like Slack, Asana, and CRMs)
- Keep team **knowledge organized** with shared folders and alerts
- **Ask Fathom questions across meetings**, topics, or people – and get clear answers

Meeting intelligence

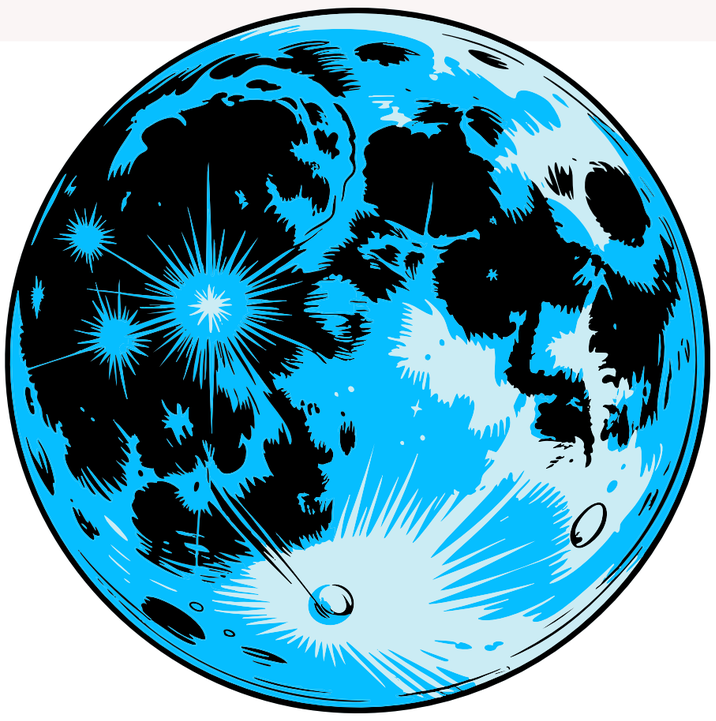

- **Accurate recording, summaries,** & transcript search without the manual work
- **Automatic capture of key themes,** action items, & outcomes
- **AI search to surface conversation trends** across meetings and teams

Admin security & controls

- HIPAA, SOC2 Type II, and GDPR-compliant
- **Centralized access management** for teams
- **Flexible data-sharing** controls

“Fathom helps me focus on asking the right questions while capturing all the details so nothing gets missed. **It feels like having a second brain.** I’m more productive, more prepared, and **my clients are happier for it**.”
