Benefiting Organization

Cristo Rey De La Salle East Bay High School

Oakland, California

Cristo Rey De La Salle East Bay High School is redefining what's possible in secondary education by combining rigorous academics with meaningful, hands-on work experience. Located in the heart of Oakland, this Catholic college-preparatory high school serves students from underserved communities, offering them a transformative pathway to success.

At the core of Cristo Rey's model is its Corporate Work Study Program (CWSP)—a groundbreaking initiative that places students in real, entry-level positions with leading companies across a variety of industries. Students work five days a month in professional environments such as law firms, hospitals, financial institutions, tech companies, and nonprofits. Through these placements, students develop confidence, workplace skills, and professional networks—all while earning a significant portion of their tuition.

This innovative model not only relieves families of financial burden but also bridges the gap between education and career readiness. Students graduate with both a strong academic foundation and a professional résumé—something few high school students can claim.

Key Impact Highlights:

- 📈 100% College Acceptance: All three graduating classes to date have achieved full college acceptance—a powerful endorsement of the school's academic and career-readiness model.
- 📁 Real-World Experience: Every student gains four years of professional work experience before graduating, making them uniquely prepared for college and beyond.
- 🎓 Serving Oakland Youth: The school provides a high-quality, values-driven education to students who may not otherwise have access to such opportunities.
- 💡 Empowering Future Leaders: Cristo Rey students emerge as confident, capable young adults ready to thrive in higher education and the workforce.

By supporting this year's ForeCause Golf Tournament, sponsors help fund student scholarships, expand workplace partnerships, and ensure Cristo Rey can continue empowering Oakland's youth through its innovative, impact-driven model.
