# EASY DOING BUSINESS

We are committed to providing you the very best when it comes to hosting and producing an exceptional event. Our extended team includes our exclusive and preferred service providers – some of the best in the meetings and events industry.

Designed and built with ease-of-use in mind, NFCC provides direct ramp access to our show floor, as well as spacious and approachable loading zones.

Located on the Canada/USA border, and near major arterial roadways, it is as easy as ever to travel to, from and around Niagara Falls.

# FOOD & BEVERAGE

Nestled between the shores of two Great Lakes and flanked by the cliffs of the Niagara Escarpment, Niagara is a region blessed with the bounty of farms, orchards, and vineyards. With such rich agricultural surroundings right in our background, it's no wonder the culinary team at NFCC is so passionate about what they do.

Many people know Niagara as Canada's largest wine-producing region. With more than 100 wineries and winery estates, as well as recognition from across the world, your dining experience would not be complete without making Niagara wine the star of the show.

# SUSTAINABILITY

Our sustainable practices involve making conscious choices that reduce environmental impact, support local communities, and preserve resources for future generations. Adopting sustainable approaches such as purchasing from small businesses in the community, using plastic alternatives for packaging, building relationships with sustainable vendors and donating remaining food to local shelters make a significant positive impact on the environment and the surrounding community.

## Food Recovery Efforts

In 2024, NFCC scheduled 32 food recovery pickups with a local organization called The Bridge. These pick ups resulted in over 20,000 servings of food donated to help The Bridge feed those in need.

# WE LOOK FORWARD TO HEARING FROM YOU!
