### Essential Skills/Traits:

- 2+ years of SEN childcare experience
- ABA trained or experienced — ideally familiar with ABA-based school environments
- Experience supporting children who require constant supervision due to low danger awareness
- Confident supporting emotional regulation, feeding and personal care including toileting
- Energetic, active and able to keep up with a highly active child
- Warm, caring and patient — able to follow an established routine consistently
- Comfortable supporting children with sensory needs in a range of environments
- Experience implementing strategies from SLT, OT and physiotherapy in daily routines
- Flexible and adaptable — willing to travel between London and Surrey with the family

### About the Role & Family

**SENNIES** is excited to support a warm and loving family who are based in Dubai and will be visiting the UK for the summer holidays in July and August 2026. The family have four boys — aged approximately 2, 4, 7 and 9 — and are seeking an experienced, energetic and caring Sennie to provide dedicated support for B9 during their time in the UK.

The family will be based primarily in London, with some time spent in Surrey. The Sennie will be expected to travel between both locations with the family. This is a 6-days-per-week role and an exciting opportunity for someone who is looking for a meaningful, high-energy summer placement with a wonderful family. A live-in option is available for the right candidate — the family can arrange a room in their London home or a local Airbnb.

B9 currently attends a specialist SEN school in Dubai and has a dedicated carer at home there. In the UK, the family are looking for someone who can step confidently into that supporting role — following B9's established routine, keeping him safe and regulated, and being a fun, energetic presence who can keep up with his boundless energy. The Sennie will work alongside the family and will have the opportunity to get to know B9's routines and communication style before the summer begins.

### About the Child

**B9** is a happy, active and smiley 9-year-old who loves life. He is always on the go and has an infectious energy that those around him find irresistible. B9 loves trains, jumping, swimming, moving, watching Peppa Pig, splashing in water, stimming and looking out of the window — and thoroughly enjoys horse riding. He thrives in 1:1 settings with familiar adults who bring warmth, patience and enthusiasm.

B9 is Autistic and non-verbal, and communicates through gesture, showing and sharing. He has low danger awareness and requires constant, calm supervision to keep him safe at all times. He benefits from a consistent routine and clear, simple communication. He receives Speech and Language Therapy, Physiotherapy and Occupational Therapy as part of his school programme in Dubai, and the family are keen for his Sennie to follow the strategies and approaches they have in place.

**Medication:** B9 takes Risperidone. Full guidance will be provided by the family.

### Sensory & Safety Checklist — The family have identified that B9:

- Is fascinated by shiny objects and bright colours
- Has difficulty catching balls
- Likes a hug if chosen to do this
- Really enjoys crunchy food
- Finds fine motor movements hard
- Finds it hard to ride a bike

### Main Duties & Responsibilities

- Provide constant, calm and attentive 1:1 supervision for B9 at all times, keeping him safe
- Follow B9's established daily routine consistently, supporting him to feel secure and regulated
- Support B9's emotional regulation using approaches guided by the family and his school team
- Assist with feeding, personal care and toileting, with a focus on building independence over time
- Engage B9 in his preferred activities — swimming, jumping, water play, trains, sensory play and outdoor activities
- Support B9 with fine motor activities and physical play, following physiotherapy guidance
- Implement strategies from B9's SLT, OT and physiotherapy programmes as directed by the family
- Travel with the family between London and Surrey as required
- Be a fun, energetic and loving presence — a real buddy for B9 throughout the summer
- Liaise with parents daily, sharing observations and updates

### Who This Role Would Suit

- An experienced SEN Sennie or support worker who is confident, energetic and warm with non-verbal Autistic children
- Someone ABA-trained or familiar with ABA-based approaches who can follow established programmes consistently
- A person who is quick on their feet, safety-aware and able to provide constant, calm supervision
- Someone who brings genuine joy and enthusiasm to their work — a real buddy energy
- An individual who is flexible, adaptable and excited by the opportunity of a summer placement with a loving family

**Live In Option:** For the right candidate, the family are happy to arrange accommodation — either a bedroom in their London home or a local Airbnb. Please indicate your preference when applying.

**Lead Recruiter:** Anita — [Anita@sennies.co.uk](mailto:Anita@sennies.co.uk)
