About the Role & Family

SENNIES is delighted to support a warm and busy family in Kensington in finding a full-time Sennie for their two children, G13 and B11. Both parents work, and they are looking for someone who can become part of the family: thoughtfully and lovingly caring for the children while proactively helping to manage the household.

The children are at school during the day, so childcare centres on wraparound care: school pick-ups (car provided), after-school activities, meal times, homework and bedtime routines. During school hours the Sennie will take on household management and PA duties, such as tidying and organising the children's areas, batch cooking, booking appointments and keeping family life running smoothly. The family are flexible on the weekly pattern, for example 2 or 3 long days (9am to 7pm) and 2 or 3 shorter days (1pm to 7.30pm), finishing no earlier than 7pm. They would also consider wraparound hours for the right person. Hours increase to 50 a week during the school holidays.

The family's approach is firm but kind: warm, consistent boundaries with plenty of empathy. They are looking for an organised, flexible and proactive Sennie who enjoys being part of a household and can confidently support B11 with his emotional regulation.

About G13 & B11

G13 is a kind, polite and conscientious 13-year-old who loves baking, ballet and swimming. She is in her early teen years and will benefit from a Sennie who can support her through this time of change with warmth and respect.

B11 is an intelligent, sporty and very competitive 11-year-old. He does well with a routine but also values his downtime. B11 does not have a diagnosis, but he needs support with emotional regulation. Situations that feel unfair, competition, and coming off gadgets or the iPad can be difficult for him, although all of these are improving. When B11 is overwhelmed, his distressed behaviour can occasionally become physical so a Sennie confident at de-escalation is key. He is supported by a therapist and an occupational therapist, and his Sennie will use the strategies agreed with his parents and therapists, staying calm and stepping in early to prevent escalation as the family are keen to make sure their Sennie feels well supported and safe.

Key development areas (B11): Emotional regulation; managing feelings around fairness and competition; transitions away from gadgets and screens.

Medication: None.

Main Duties & Responsibilities

- Collect the children from school and drive them to activities and appointments (car provided)
- Plan engaging after-school activities around the children's interests, including sport, baking, ballet and swimming
- Prepare healthy meals and manage tea, homework and bedtime routines
- Support B11's emotional regulation calmly and consistently, using agreed strategies
- Model good behaviour, manners and kindness with positive, consistent boundaries
- Tidy and organise the children's rooms, play areas, clothes and belongings
- Batch cook family meals
- Book and manage appointments and keep the family calendar organised
- Take on PA and household management tasks to lighten the parents' mental load including housekeeping
- Provide longer hours of care during the school holidays
- Give parents a brief daily handover

Who This Role Would Suit

- An experienced Sennie who stays calm under pressure and is confident supporting a child with emotional regulation challenges
- Someone highly organised who enjoys running a household and spots what needs doing before being asked
- A warm, fun and sporty person who can keep up with two active children
- A confident London driver
- Someone looking for a long-term role who wants to become a trusted part of the family
