

UTILITY

COMMAND CLARITY. TACTICAL
PRECISION. COUNTY-WIDE.

Designed for patrol, jail, and courtroom
workflows—without the complexity.

From traffic stop to trial, Utility gives you the operational visibility and real-time coordination you need to serve your community – across patrol zones, jail corridors and courtroom proceedings.

**Our connected ecosystem solves the
everyday challenges sheriff's offices face:**

- Delayed response times
- Disconnected systems
- Manual evidence processes
- Jail incident reporting burdens
- Gaps between your team and your DA's office

Whether you serve 50 or 15,000 square miles, Utility helps you protect your deputies, strengthen your workflows, and modernize with confidence.
