paint scentsations

Technical Data Sheet

Odor Control Paint Additive

3–4 Months
of pleasant, subtle scent

1 fl oz
per gallon of interior paint

Latex or Oil
use with any interior paint

No Effect
on adhesion or performance

PRODUCT DESCRIPTION & USE

By adding **Paint Scentsations** to your paint, you can help remove odors and add lasting freshness to the air every time you paint.

Paint Scentsations produces a pleasant, subtle scent that lasts for approximately 3–4 months, depending on the paint and environmental conditions. During the painting process the scent level will be stronger than after the paint has dried. Paint Scentsations will not affect paint adhesion, hardness, or overall performance.

Directions

1. Make sure all surfaces are clean before painting.
2. Add the contents (**1 fl oz**) to **one (1) gallon of interior paint**.
3. Shake or stir thoroughly.
4. Apply as directed by the paint manufacturer.

For best results, use in both the primer coat and the top coat.

SPECIFICATIONS

Appearance	Water white to straw liquid
Odor	Varies with scent
Flash point (PMCC)	>200°F
Specific gravity	0.990 – 1.030

The identity of individual components of Paint Scentsations is proprietary information and is regarded to be a trade secret in accordance with the provisions of 29 CFR 1910.1200.
