For additional payment
processing help, email
support@yiffie.com

5. **Tipping**
Tips cannot be placed on the gift card, and must use a secondary form of payment.

4. **Handling split payments**
If the total purchase is more than the card value, enter the card amount first, then use other payment method for the rest.

3. **Do not exceed the available balance**
Transactions will decline if the processed amount is more than the gift card balance.

2. **Run the transaction as a credit card**
Process as a Mastercard credit card (not a gift card). Use contactless payment via Apple or Google Wallet, or manually enter the 16 digit code, CVV, zip, and expiration date.

1. **Confirm the current gift card balance**
Ask the customer for the current card balance or check it using the QR code above.
