

EBK 0910

DISCONNECT BOX SECUREMENT

The AP Solution **EBK 0910 Electrical Disconnect Box** securement offers the perfect solution to avoid accidents and roof leaks during wind or seismic event, keeping your roof free from damage and unnecessary maintenance expenses. The Electrical Disconnect Box Securement System by Anchor Products attaches to your roof without voiding your roof warranty.

Natural environmental events can cause rooftop equipment that is not properly secured to slide, lift and overturn. To prevent this, equipment should be securely attached to the roof surface.

ELECTRICAL SYSTEMS SECUREMENT

ASCE 7-16 code requires all rooftop equipment to be bolted, welded, or otherwise positively fastened without consideration of frictional resistance.

FEATURES:

- » Attaches safely to EPDM, TPO, PVC, asphalt and coated roofs using a U-Anchor™ 3000 Series Attachment.
- » U-Anchors match roofing material type and brand.
- » Each U-Anchor 3000 Series Attachment can resist approximately 4,500 lbs. in tension and 9,500 lbs. in shear.
- » All exposed components are made of stainless steel, aluminum, and other non-corrosive materials.

ADVANTAGES

- » Compatible with all major North American commercial roof types and brands.
- » Keeps your roof warranty intact.
- » U-Anchor 3000 Series attachments provide unmatched strength in shear and tension.
- » 3000 Series Anchors provide a water-tight seal.
