

**Build your Community
with Boardy**

Who is Boardy?

The **world's most connected AI superconnector**.

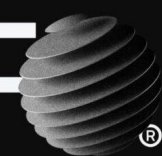

Boardy chats with your attendees on WhatsApp, learns their goals, and makes thoughtful and relevant introductions—turning chance encounters into high-value connections.

He's also **the first AI to raise his own fundraising round**—\$8M led by Creandum and backed by Afore Capital, HF0, and NextView.

Invite Boardy to Your Event

Elevate the event experience for your attendees, speakers, and sponsor partners

1

Smarter Connections

Matches attendees, sponsors, and speakers based on shared goals—making networking intentional and impactful.

2

Premium Experience

Adds a concierge-level touch that sets your event apart and keeps people talking.

3

Gathering Actionable Insights

Provides data on who's connecting to improve programming and refine sponsorship targeting.

4

Extended Community Engagement

Keeps conversations going before, during, and after the event to build lasting community.

5

Effortless for Organizers

Friction-free setup, no app fatigue, and fast onboarding for both organizers and attendees. Boardy handles the matching, intros, and follow-ups.

Exclusive Partner Perks

For select partners, Boardy goes beyond attendee connections to help grow your event:

Generate Buzz: Promote your event through Boardy’s network of 300K+ followers, reaching founders, investors, and industry leaders.

Drive Growth: Support in recruiting speakers, securing sponsors, and selling more tickets—leveraging Boardy’s reach and connections.

How Boardy Works

1

Attendees Message Boardy on WhatsApp

We provide you with a custom link with an event code.

2

Boardy Chats + Calls Attendees

Boardy learns your goals, interests, and who you’d like to meet.

3

Boardy Connects Attendees

Relevant introductions are made ahead of the event.

4

Post-Event Insights

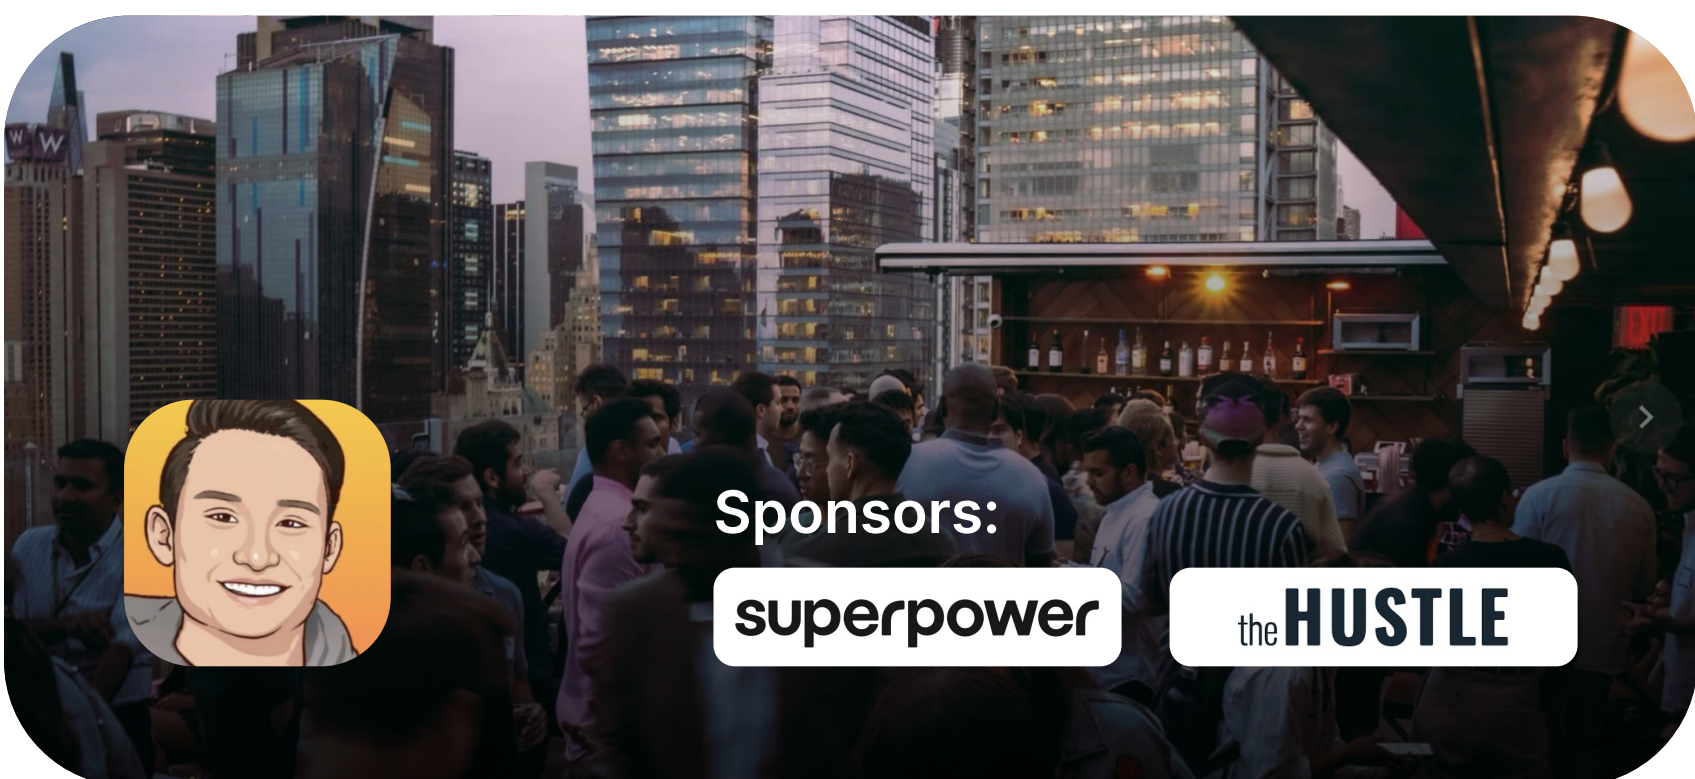

Get valuable attendee data, community trends, and engagement stats to help you improve future events and partnerships.

“

The introduction of Boardy Buddies was a huge hit! The reactions were incredible, and we saw some fantastic matches made!

“

One of the most thoughtful uses of AI I’ve seen in an event setting and made every introduction feel more intentional.
