RE: Attala County, MS Letter of Support
Kosciusko Junction Pipeline Project
Docket No. CP25-547-000
CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

On behalf of the Attala County, Mississippi, Board of Supervisors, we are writing to express our support for the Kosciusko Junction Pipeline Project ("Project")—an important energy-infrastructure initiative proposed by Boardwalk Pipelines, LP ("Boardwalk") through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC. These companies are long-standing, valued contributors to Mississippi's economy, providing reliable energy, fostering job creation, and contributing meaningfully to Attala County's economy.

The Project proposes to expand existing pipeline infrastructure in western Mississippi, delivering 1.175 billion cubic feet per day of new natural gas transportation capacity. This critical expansion will:

- serve the growing needs of power generators, manufacturing facilities, and data centers;
- increase operational reliability and flow capacity across the Boardwalk system; and
- foster economic growth along the route corridor.

Throughout the planning process, Boardwalk has kept our Board of Supervisors informed and engaged by hosting stakeholder open houses, distributing Project information and updates, conducting thorough environmental and cultural resource surveys, and demonstrating a steadfast commitment to safety standards and responsible land stewardship.

We respectfully urge the Federal Energy Regulatory Commission to issue the Certificate of Public Convenience and Necessity for this Project. Its timely approval will ensure that Mississippi continues to grow with the energy security our communities need.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Steven Goss". The signature is written in a cursive style with a long horizontal stroke at the end.

Steven Goss, President
Attala County Board of Supervisors

RE: Clarke County, MS Letter of Support
Kosciusko Junction Pipeline Project
Docket No. CP25-547-000 and CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

Economic progress in Clarke County, Mississippi has long depended on forward-thinking investments in infrastructure. This positive trajectory is powered in large part by energy-infrastructure investments and projects that create quality jobs, bolster local tax revenues, and reinforce our region's economic foundation. Boardwalk Pipelines, LP ("Boardwalk")—through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC—is a long-standing contributor to energy for homes, businesses, and industries across Mississippi.

Through the proposed Kosciusko Junction Pipeline Project ("Project"), Boardwalk will expand and modernize existing mainline infrastructure in western Mississippi and introduce an additional 1.175 billion cubic feet per day of natural gas capacity, which will:

- support expanding energy needs of commercial and industrial customers;
- reinforce reliability and operational flexibility across the Boardwalk system; and
- create new economic opportunities for communities along the pipeline route.

Throughout the planning process and Federal Energy Regulatory Commission (FERC) Pre-Filing process, Boardwalk engaged our Board of Supervisors directly by hosting informational sessions, distributing Project information and updates, conducting thorough environmental and cultural resource surveys, and demonstrating unwavering commitment to safety and responsible land stewardship.

On behalf of the Clarke County Board of Supervisors, we submit this letter as our formal endorsement of the Project. We respectfully encourage FERC to issue the Certificate of Public Convenience and Necessity to help bolster Mississippi's energy infrastructure and advance the future of our county.

Thank you for your consideration.

Sincerely,

Lorenzo Carter, President
Clarke County Board of Supervisors

Kosciusko Junction Pipeline Project
Docket No. CP25-547-000 and CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

Our Board of Supervisors in Holmes County, Mississippi, fully supports the Kosciusko Junction Pipeline Project ("Project") proposed by Boardwalk Pipelines, LP ("Boardwalk") through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC. These companies have consistently delivered safe, efficient energy services while helping to create jobs, strengthen our tax base, and advance local development.

This Project will enhance existing infrastructure in western Mississippi and introduce an additional 1.175 billion cubic feet per day of natural gas capacity that will:

- meet increasing energy demands from key sectors like power generation, data centers, and manufacturing;
- improve system flexibility and reliability for both current and future customers; and
- drive growth and stimulate economic activity along the proposed route.

Throughout the planning process, boardwalk has maintained direct engagement with our Board of Supervisors by hosting informational sessions, distributing Project information and updates, carrying out comprehensive environmental and cultural resource surveys, and consistently emphasizing safety and responsible land stewardship.

Given the clear benefits and responsible approach taken, Holmes County's Board of Supervisors strongly encourages the Federal Energy Regulatory Commission to approve the Project through the issuance of a Certificate of Public Convenience and Necessity. Our county is proud to support this vital step toward a stronger, more reliable energy future.

RE: Humphreys County Board of Supervisors – Reggie Pinkston – Letter of Support
Kosciusko Junction Pipeline Project
Docket No. CP25-547-000
CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

As a member of the Humphreys County (Mississippi) Board of Supervisors, I am pleased to express my support for the Kosciusko Junction Pipeline Project ("Project"), a vital infrastructure initiative proposed by Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC—subsidiaries of Boardwalk Pipelines, LP ("Boardwalk").

The Project will expand and modernize existing pipeline infrastructure in western Mississippi, adding 1.175 billion cubic feet per day of natural gas transportation capacity. This enhancement is essential to meet the increasing energy demands of our power generators, manufacturers, and data centers, while also improving system reliability and flexibility for customers across the region.

Boardwalk has demonstrated a strong commitment to responsible development and stakeholder engagement. Throughout the Federal Energy Regulatory Commission ("FERC") Pre-Filing process, Boardwalk has kept our communities informed through open houses, project updates, and comprehensive environmental and cultural resource surveys. Their approach reflects a thoughtful and transparent development strategy.

This Project aligns with our state's and county's goals to promote economic growth, attract investment, and ensure energy security. It will generate jobs, increase local tax revenues, and support long-term prosperity for Mississippi residents and businesses.

**POST OFFICE BOX 547 - BELZONI, MISSISSIPPI 39038
OFFICE (662) 247-3909, FAX (662) 247-5664**

Finally, Humphreys County is optimistic that said project will result in investments within our local workforce training programs, employment opportunities for Humphrey County residents, and financial and in-kind support of our future local health initiatives, including our proposed rural emergency hospital project.

I respectfully urge the FERC to approve the Certificate of Public Convenience and Necessity for the Project. Its successful implementation will reinforce our energy infrastructure and contribute meaningfully to Mississippi's future.

Thank you for your consideration.

Sincerely,

RE: **Jasper County, MS Letter of Support**
Kosciusko Junction Pipeline Project
Docket No. CP25-547-000
CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

The Board of Supervisors of Jasper County, Mississippi, recognizes the importance of robust energy infrastructure in sustaining our region's economy. Projects like the Kosciusko Junction Pipeline Project ("Project"), led by Boardwalk Pipelines, LP ("Boardwalk") – through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC, are instrumental in delivering safe, reliable energy to homes, businesses, and industries across Mississippi.

By expanding existing pipeline facilities in western Mississippi, the Project will deliver 1.16 billion cubic feet per day of additional natural gas capacity, which will:

- serve the energy needs of growing sectors including power generation, data centers, and manufacturing
- increase flow flexibility and system reliability for Boardwalk's customers; and
- spur economic development in communities along the Project route.

Throughout the planning process, Boardwalk has maintained a high standard of engagement by reaching out to our Board of Supervisors directly, hosting informational sessions, conducting thorough environmental and cultural resource surveys, and demonstrating unwavering commitment to safety and responsible land stewardship.

Kosciusko Junction Pipeline Project
Docket No. CP25-547-000
CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

The Leake County, Mississippi Board of Supervisors strongly supports the advancement of infrastructure projects that drive economic growth in Mississippi. One such initiative is the Kosciusko Junction Pipeline Project ("Project"), proposed by Boardwalk Pipelines, LP ("Boardwalk")—through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC—two trusted providers of reliable natural gas service that powers homes, businesses, and industries across Mississippi.

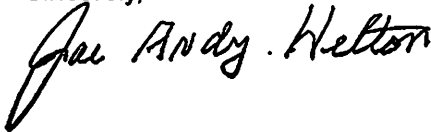

The Project will enhance and modernize existing mainline infrastructure in western Mississippi by adding 1.175 billion cubic feet per day of natural gas capacity. With this added capacity, the Project will:

- serve increasing energy needs from industrial, technology, and utility sectors;
- improve flow efficiency and system resilience; and
- stimulate job creation and boost the local economy in the areas it traverses.

Boardwalk has been proactive in its outreach, working closely with local governments, conducting detailed environmental and cultural resource reviews, and prioritizing safety at every step.

Leake County's Board of Supervisors is confident that the Project aligns with Mississippi's long-term energy goals and respectfully recommends that the Federal Energy Regulatory Commission approve the requested Certificate of Public Convenience and Necessity. This Project is vital to our region's energy reliability and future prosperity.

Sincerely,

Dear Secretary Reese:

The Board of Supervisors of Sunflower County, Mississippi, celebrates our community's steady growth and the prosperity it brings. This positive trajectory is powered in large part by energy-infrastructure investments—projects that create quality jobs, bolster local tax revenues, and reinforce our region's economic backbone. Boardwalk Pipelines, LP ("Boardwalk"), through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC, both long-standing contributors to Mississippi, are proposing the Kosciusko Junction Pipeline Project ("Project") to provide our county with safe, reliable natural gas for our homes, businesses, and industries.

Through the Project, Boardwalk will expand and modernize existing mainline facilities in western Mississippi, adding 1.16 billion cubic feet per day of natural gas capacity, which will:

- address rising demand from power generation facilities, data centers, and manufacturers;
- improve overall system flexibility and reliability for customers; and
- spur additional economic development and opportunities in communities along the route.

Throughout the planning process, Boardwalk has directly engaged our Board of Supervisors by hosting informational sessions, conducting thorough environmental and cultural surveys, and demonstrating unwavering commitment to safety and responsible land stewardship.

RE: Washington County, MS Letter of Support
Kosciusko Junction Pipeline Project
Docket No. CP25-547-000
CP25-549-000
Gulf South Pipeline Company, LLC
Texas Gas Transmission, LLC

Dear Secretary Reese:

The Board of Supervisors of Washington County, Mississippi, takes great pride in our community's continued growth and prosperity. Our community's growth and opportunity are fueled in large part by energy-infrastructure investments that generate good jobs, boost local tax revenues, and strengthen our region's economic foundation. Boardwalk Pipelines, LP ("Boardwalk"), through its subsidiaries Gulf South Pipeline Company, LLC and Texas Gas Transmission, LLC, has a long-standing presence in Washington County and plays a critical role in delivering safe, reliable natural gas to homes and businesses across Mississippi and in our community.

The proposed Kosciusko Junction Pipeline Project ("Project") will expand and modernize existing mainline facilities in western Mississippi, adding 1.175 billion cubic feet per day of natural gas transportation capacity. This additional capacity will:

- meet growing demand from power plants, data centers, and industrial users;
- enhance system flexibility and reliability for all customers; and
- support new economic development and growth in communities along the route.

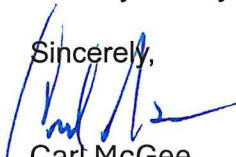

Throughout the planning process, Boardwalk has kept our Board of Supervisors informed and engaged by hosting stakeholder open houses, distributing Project information and updates, conducting thorough environmental and cultural

resource surveys, and demonstrating a steadfast commitment to safety and responsible land stewardship.

On behalf of the Washington County Board of Supervisors, please accept this letter as our enthusiastic endorsement of the Project. We urge the Federal Energy Regulatory Commission to grant the necessary Certificate of Public Convenience and Necessity and thereby help secure Mississippi's energy future.

Thank you for your attention to this important matter.

Sincerely,
