

PLUSS Project

INSIGHTS:

Gulf South is an interstate pipeline company that transports and stores natural gas for major utility companies.

The PLUSS Project will support multiple end use customers in the distribution of products, services and energy derived from natural gas.

In Louisiana, Gulf South has approximately 165 employees and operates 4,000 miles of pipeline and 17 compressor stations safely every day.

Gulf South contributed approximately \$28MM in ad valorem taxes to Louisiana in 2023.

The PLUSS Project is estimated to contribute approximately \$150K in ad valorem taxes to Louisiana in its first full year of operation.

DESCRIPTION

Gulf South Pipeline Company, LLC (Gulf South) is proposing the Parks Line Upgrade and Sorrento Station project ("PLUSS Project") to increase the capacity of its natural gas pipeline system in southern Louisiana. The PLUSS Project aims to enhance energy accessibility and reliability while accommodating rising capacity needs. Activities include constructing a new compressor station in Ascension Parish, Louisiana and replacing segments of Gulf South's existing thirty-inch diameter pipeline in St. Martin Parish, Louisiana.

TIMELINE

Community Outreach	Q3 2024 – Throughout the project
Research, Engineering & Design	Q3 2024 - Q4 2024
Environmental Permitting	Q1 2025 – Q4 2026
Construction*	Q1 2027 – Q1 2028
In-service	Q1 2028

**Subject to regulatory approvals*

NATURAL GAS SAFETY & BENEFITS

Natural gas pipelines are an important part of the United States energy system, playing a critical role in meeting growing energy demands. We are proud to work in an industry that sustains America's energy advantage by providing secure, affordable and low-carbon energy that powers communities and supports progress. We are committed to providing safe and reliable services while protecting the environment. This commitment is made to our customers, employees, and the communities in which we operate as we incorporate environmental stewardship, safety, and compliance into our day-to-day operations.
