

BOARDWALK PIPELINES, LP

COMPANY OVERVIEW

Boardwalk Pipelines, LP (Boardwalk) is a leading midstream energy company that provides critical natural gas and natural gas liquids transportation and storage services that help markets grow and communities thrive.

Boardwalk is focused on building and operating best-in-class energy infrastructure that fuels economic growth, strengthens energy security, and supports a low-carbon future. As energy demand continues to rise, Boardwalk is expanding its systems to provide reliable, affordable, and responsible energy to power homes, industries, and communities.

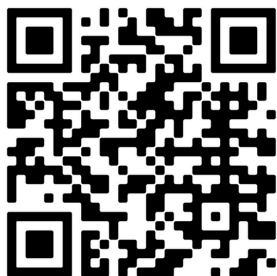

SUBSIDIARIES

Boardwalk owns **Gulf South Pipeline Company, LLC (Gulf South)** and **Texas Gas Transmission, LLC (Texas Gas)**. Gulf South and Texas Gas have a long-standing history of safe, reliable operations in Mississippi and the southeastern United States. You can learn more about each of Boardwalk's subsidiaries on its website listed below.

BOARDWALK PIPELINES, LP

BOARDWALK'S GUIDING PRINCIPLES

SAFE, RELIABLE OPERATIONS

Boardwalk, Gulf South, and Texas Gas prioritize safety, operating with integrity and care in every community they serve. Boardwalk's Pipeline Safety Management Systems follows the Plan-Do-Check-Act framework to foster a culture of continuous improvement. Their Public Awareness Programs help inform landowners, contractors, and residents about pipeline safety, as well as raise awareness about the locations of company facilities, how to prevent damage from excavation, and what to do and who to contact in an emergency.

PARTNERING WITH COMMUNITIES

Boardwalk is committed to ensuring that infrastructure projects deliver long-term value to the communities they serve. Through its Partnering with Communities Program, the company works directly with local leaders, nonprofits, and stakeholders to support education, safety, and economic development. In 2024 alone, Boardwalk contributed approximately \$34 million in ad valorem taxes to Mississippi communities—funding that supports schools, emergency services, and local infrastructure.

SUSTAINABILITY AND ENVIRONMENTAL STEWARDSHIP

Boardwalk's sustainability strategy is focused on meeting today's energy needs while building toward a more secure and sustainable future. The company emphasizes environmental stewardship, operational excellence, safety, reliability, and community and employee well-being, all anchored in transparent and ethical conduct.
