

WHY TANZANIA?

Almost 70% of Tanzania is still as wild as it was 100 years ago, which lends itself to a true East African bush safari. Tanzania has the finest wildlife in Africa and abounds, in a wide variety of animal and bird life. Many areas remain virtually untouched by humanity and it is still quite possible to enjoy a traditional tented safari as the famous hunters did many years ago.

ABOUT MKWAWA

If you have always dreamed of safari hunting in Africa, Mkwawa Hunting will make that African hunting dream a reality.

You will soon discover that with our very reasonable hunting rates and deluxe first class safari accommodation, your African safari could become an easy reality.

Our Professional Hunters, trackers and staff are committed to animal conservation and fair chase hunting, giving you, our client/guest, the hunting experience of a lifetime.

HUNTING BLOCKS

Mkwawa Hunting Safaris is allocated some of the best hunting blocks covering two of the main hunting areas in Tanzania: Selous GRR1, Selous GR M1, Selous GR K4 & Chunya Open Area (E).

ABOUT SELOUS

The Selous Game Reserve is a massive 5 million acres in extent and has a further 2 million acres of buffer zone surrounding it. The reserve supports the largest populations of African game animals in one reserve anywhere on the continent – 30,000 elephants, 200,000 Cape buffalo and 80,000 wildebeest and significant populations of almost every other species of African mammals.

OUR ACCOMMODATION?

Not only do we offer a magical bush experience in picturesque African landscapes, we deliver on style and luxury with first class facilities. Enjoy our ensuite, air-conditioned rooms, beautiful adorned with nature wooden themes. Our VIP tents even come standard with a Jacuzzi. Our attention to detail, friendly staff and beautiful locations is what makes our Safaris not just an African adventure, but an amazing retreat.
