# Company Structure

# About Us

Safari Haulier is a highly skilled transportation company which has been classified for cargo delivery service for any destination in East & Central Africa. Our company prides itself with efficiency and is among the most trusted in Tanzania.

The company has been providing excellent service since 2006. Based in Dar es Salaam, Temeke region, functions as the strategic centre for our links that span from port of Dar es Salaam to the major road networks leading to the regional corridors of Tanzania.

Nowadays, we are operating more than 100 units of vehicles ranging from trucks with flat beds (normal trailers), side to fuel tankers in order to fulfil the needs of our customers that fit the cargo segment with capacity ranging from 25 to 60 tonnes. Our units consist mainly of Scania, Iveco, DAF and FAW brands and all are equipped with online system as well as GPS facilities in order to give the best service to customer

# About Us

At Safari Haulier, we believe that safety, punctuality in cargo delivery and your satisfaction are our main vision that we always hold in hand when running the company

# Facilities

## ● Fleet

Safari Haulier operates a total of 104 trucks. In order to deliver maximum results for our customers. We choose to use well known brands such as Iveco, Scania , Daf & FAW We combine these tractor heads with a complete range of trailers & tankers, which are able to transport various kinds of goods

## ● Monitoring System

All our deliveries are highly monitored by monitoring checkpoints along the delivery route. Moreover our trucks are equipped with GPS for online monitoring.
