  - Clinical Documentation & Compliance
- 

## Experience

### Arizona Heart Arrhythmia Associates - Phoenix, AZ

#### ***Nurse Practitioner & Dysautonomia Testing Program Lead | February 2025 - Present***

- Manage comprehensive outpatient care for electrophysiology and general cardiology patients, integrating telemedicine and remote monitoring to enable early intervention and continuity.
- Launched and currently lead Dysautonomia Testing Program, configuring software with vendor, developing protocols, workflows, and education materials, and providing final interpretations; completed 28 tests in first 10 weeks.
- Coordinate with interdisciplinary teams on preoperative clearances, post-procedure and hospital follow-ups, and occasional inpatient rounding.
- Educate and empower patients and families, engaging them in shared decision-making to align treatment with individual goals.
- Built and initiated evidence-based protocols, documentation systems, and streamlined workflows to improve efficiency, consistency, and quality of care delivery.

#### ***Lead Clinical Coordinator | March 2019 - June 2021***

- Supported launch of new cardiology clinic, overseeing workflows and patient experience for 300+ patients/month.
- Trained and supervised 6 clinical coordinators, and onboarded 3 providers across 6 rotating sites, ensuring consistency and efficiency in daily operations.

### Abrazo Community Health Network - Phoenix, AZ

#### ***Cardiovascular Intensive Care RN - Arizona Heart Hospital | February 2022 - April 2023***

- Delivered care to 250+ high-acuity cardiovascular patients, including cardiogenic shock, advanced heart failure, and complex arrhythmias.
- Managed perioperative care for advanced surgical and endovascular procedures.
- Stabilized critically ill patients using mechanical circulatory support and advanced life-support technologies, executing rapid interventions during acute deterioration.

#### ***Progressive Care RN - Arrowhead Hospital | July 2021 - February 2022***

- Coordinated treatment plans, streamlining team communication and ensuring safe transitions across care settings.

### Arizona Arrhythmia Research Center/Arizona Heart Rhythm Center - Phoenix, AZ

#### **Clinical Research Coordinator | March 2018 - March 2019**

- Supported multi-therapeutic cardiac clinical trials, ensuring compliance with GCP and regulatory protocols.

#### **Clinical Coordinator | March 2018 - March 2019**

- Documented 200+ patient encounters/month and supported clinical workflows to streamline care delivery.

### Medical Scribe - Multiple Organizations - Phoenix, AZ

#### **Cardiology/Emergency Department/Infectious Disease | August 2014 - July 2021**

- Implemented documentation workflows in two new clinics and trained scribes/staff to ensure efficient adoption.
- Supported 15+ physicians across ED, cardiology, and long-term care, adapting to diverse specialties and reducing administrative burden.
